Klimaforum09 – The Peoples' Climate Summit

– the global civil society's counterpart to the official UN conference COP15

Klimaforum09 is an open space where people, movements, and organisations from all over the World can meet, discuss and develop a constructive response to the climate crisis. Where politicians fail the people must take over.

A broad coalition of Danish and international environmental movements and civil society organizations have organized this twelve days forum. It takes place in DGI-byen, a large sports venue in the centre of Copenhagen just fifty metres from the central train station.

Understanding the climate crisis and identifying solutions that accommodate all people are core elements of the forum.

Klimaforum09 is free and open for all and does not require any in advance registration. Special effort has been made to invite people from regions in Asia, Africa, Latin America,

Oceania and the arctic region who already live and suffer with the reality of climate change.

The Declaration: Make your voice heard

One of the central outcomes of Klimaforum09 will be a global climate declaration expressing hopes, ideas, and visions of citizens groups and social movements from all over the World.

The declaration process has for the last six months taken place in an open debate forum. The idea is to finalize the draft during the first four days of Klimaforum09, thus giving everybody the possibility to influence the process.

When finished, the declaration will be handed over to the political leaders at the COP15. It will be a call for how a fair and just climate deal can be put together. However primarily the purpose of the declaration is to become a cornerstone in the foundation of a global climate movement beyond Copenhagen working actively for a sustainable future.

EDITORIAL

Klimaforum09 - A possibility for all

Welcome to the Klimaforum09 - the Peoples' Summit

Climate Justice
- the Voice of the South
Photo: Rosalía Soley
© Fotografación UNES

The absence of progress and political will urge citizens everywhere to mobilize in large numbers. We can no longer wait for politicians to finish their never-ending negotiations where false solutions, based on economic growth for the rich, continue to be the pivotal point.

As we gather we identify and debate true sustainable and socially just solutions to climate change. In the centre of Copenhagen **Klimaforum09** will present a diversity of climate related activities with 190 inspiring talks and 50 exhibitions - along with different performances - music, theatre, and film - representing the whole World.

At **Klimaforum09** people will let their voices be heard, ask essential questions, exchange experiences, and find common ground. Indigenous people, grass-root activists, farmers, fisherfolks,

workers, affected people, artists, and scientists will educate, inspire, and give their perspective on the climate crises, its consequences and solutions.

Klimaforum09 will debate the central issues of the COP15, and seek to explain the developments as well as share alternatives. Continuously, we will seek to ask questions, which are relevant to all people.

An important aspect of a gathering such as **Klimaforum09** is movement building for the future. Together, we can build a global climate movement.

**Welcome to a possibility for all
- climate justice now!**

Programme for Klimaforum09

Klimaforum09 is buzzing with exciting and inspiring activities and cultural events coming from all over the world. Explore this programme and find new sounds, thoughts, friends, movements, and much more.

Special events on Klimaforum09

The opening of Klimaforum09 is celebrated December 7th with an opening ceremony including both speeches and several new musical experiences: a spectacular ice concert, the world wide Bimbache openART project.

On December 11th Klimaforum09 proudly presents our main musical event: Ojos de Brujo, an enticing mix of free style flamenco and hip hop.

And the 12th of December Roskilde OrangeCamp throws a huge party for Klimaforum09 using

only green energy and presenting dj's and live bands. Come and dance!

Klimaforum09 closes in style December 18th. with live klezmer music and a huge bateria presenting 50 drummers who plays sweaty samba rhythms for their dancers and for us.

Don't miss the latest updates of the programme at www.klimaforum09.org where you'll also find more information about the events.

Daily activities on Klimaforum09

Klimaforum09 Morning Plenary

10.00-11.00

Every morning in the **Orange Hall** Safania Eriksen and HansHenrik Samuelsen from the Klimaforum09 Secretariat inform about the day ahead, and provide updates to the programme incl. special features. General questions are welcome.

Briefings (morning and evening)

11.00-12.00 and 19.00-20.00 (appr.)

On a daily basis an international team will follow, explain, and discuss developments at the COP15 negotiations. The briefings are open for questions.

2020 Climate Solutions Meshwork

The 2020 Climate Solutions Meshwork is an on-line platform and face-to-face experience. The Meshwork helps to create greater coherence and focus amongst the many activities going on for a more sustainable world. By joining the platform

and visiting the Meshwork (Purple Room), you can make yourself and your work more visible to the rest of the world so others can see which piece of the puzzle you have, and vice-versa. Weaving the world into coherent action. www.klimaforum09.org/meshwork

Open morning meditations

8.00-9.15

Meditation and reflection will take place every morning at 8.00-9.15 from Dec. 8th to Dec. 18th (incl.) in the Yellow Room.

Each morning session will be lead by a different Klimaforum09 delegate or guest. There will be 30-45 mins. of quiet meditation followed by a discussion/reflection on the role of spirituality in times of transition and change.

See the list of meditation leaders on
www.klimaforum09.org

Klimaforum09 - events in the city

Klimaforum09 moves out into the city - join in!

1 March on Saturday December 12th

The Copenhagen Flood:
Friends of the Earth International
is organising a Flood for Climate
Justice.

Time: 10:00

Location: Klimaforum09

Web: www.copenhagenflood.org

2 Global Day of Action

A broad based, popular and family friendly demonstration from central Copenhagen to the summit venue at the Bella Center.

Time: 13:00 - 18:00

Location:

Christiansborg Slots-plads
/ Parliament Square, Copenhagen

Web: www.12dec09.dk

3 Welcome to Copenhagen!

Students from the local high school interested in global agendas would like to show you their view on their city and culture.

The tours will depart from Klimaforum09, December 7th

Time: at 12 pm

(duration: two hours).

EXAMPLES

- Copenhagen Classic:
traditional tour around some of Copenhagen's most well-known sights. Focus on culture/history
- Copenhagen with a twist: tour

around less traditional sights -
for an example locally on Vesterbro.

- Copenhagen Climate tour: tour with focus on climate and Copenhagen as a sustainable city.

4 3 tours with the federation of non-profit housing associations in Denmark

Free bus from Klimaforum09's main entrance. Booking at the exhibition in the Purple Hall.

Tour 1

Excursion by bus to KAB Avedøre Stationsby, Solar project and to AAB Vejleåparken Ishøj, Climate project (tower blocks).

Dec. 7, 11, 14 and 17th

Time: 14 - 16

Tour 2

Excursion by bus to BO VEST Albertslund Syd, Low-energy project and to BO VEST Hylde-spjældet, 0-energy project (terraced houses).

Dec. 8, 12, 15 and 18th

Time: 14 - 16

Tour 3

Excursion by bus to "3B Urban Planen, Low-energy project" and to "Lejerbo Gyldenrisparken, 0-energy children's nursery" (tower block area).

Dec. 10, 13 and 16th

Time: 14-16

5 Exhibition: The federation of non-profit housing associations in Denmark

Exhibition about climate projects in housing areas in Denmark

Location: Copenhagen V,
26 Halmtorvet

Dec. 7-18th

Time: 10.00-18.00

6 ALBA - a solidaric and sustainable alternative

Open meeting

December 17th

Time: 16.00-20.00

Venue: Valbyhallen,
Julius Andersens Vej 3,
Copenhagen SV

Tickets at: www.billetten.dk or
telephone 7020 2096/3315 1012

Price: DKK 100 + fee

18:00-24:00 › 07/12/09

ORANGE HALL

Klimaforum09 opening:

Remarks from the grassroots and live entertainment:

Guest speakers

Naomi Klein, Nnimmo Bassey (Friends of the Earth International Chair),
Henry Saragih (General Coordinator for La Via Campesina) and others...

Lisbeth Diers & Chime Transform

Description: At the opening of KlimaForum09 the Danish percussionist and composer Lisbeth Diers will perform an extraordinary concert with her orchestra "Chime Transform". Diers will perform on instruments made of ice built by the Swedish Ice Sculptress Tjåsa Gussfors.

Bimbache openART project

World class world music with a "green groove" from the Unesco endorsed island "El Hierro". This 7 piece international orchestra mixes funky New Yorker beats, and jazz with folklore from the Canary Islands. Music for the body as well as the mind, communicating over any cultural borderline. Welcome to the "El Hierro Beat"!

MODERATOR SEBASTIAN DORSET

08.12.09

10:00-12:00

BROWN ROOM

Talk

Amazon Forest Destruction and Climate Change

Speakers: Marly Winckler

Organisation: Brazilian Vegetarian Society - SVB

80% of the Amazon Forest is destroyed by cattle rearing and soy production. Some 247 million acres are burnt every year and the resulting emissions in this region are larger than all emissions coming from big cities and transportation. To reduce greenhouse gas emissions the issue of meat consumption must be addressed.

10:00-12:00

RED ROOM

Talk

Wastepickers: Organizing against climate change and poverty through recycling

Speakers: Neil Tangri, Nohra Padilla, Baby Moite, Kagad Kach Patra and others

Organisation: Global Anti-Incinerator Alliance, Asociación de Recicladores de Bogotá, Kagad Kach Patra Kashtakari Panchayat, Movimento Nacional dos Catadores de Materiais Recicláveis

Wastepickers organize globally! The informal sector collects much of the developing world's trash and reduces GHG emissions by recycling it. This provides employment to millions and reduces society's demand for energy and raw materials. With appropriate support, wastepickers could do more; but instead subsidies flow to waste management companies which promote false climate solutions such as incinerators, landfill gas and the privatization of municipal waste services. Languages: EN, DA

10:00-12:00

BLUE HALL

Talk

From Activist to Grassroots

Speakers: Tony Andersen

Organisation: permaculture international

In questions of environment and ecology the geographical situation is critical. Analysis of degradation, the potential of sustainability, including human resources and cultural traditions are vital. In our fight to control the

Yellow Dirt: Dilemmas and High Heels - Organisation: Adhoc Design - Photo/Artist: Sonya Gardner

situation and to improve local circumstances, two types of action are required; a general activist one to get political, and strategic acceptance of our claims and a grass roots one to get the projects developed, implemented and running.

10:00-12:00

YELLOW ROOM

Talk

A Zero Carbon World: As fast as we can

Speakers: Chris Keene

Organisation: The zero carbon caravan

The reasons we need a zero carbon world; the precedents for rapid change in society (wars); description of my journey from Wales

to Copenhagen, providing practical demonstrations of zero carbon travel (cycling and sailing); entertainment (acoustic, solar powered and bicycle powered concerts); and work (international telephone conference); discussion of how we achieve a zero carbon world.

10:00-12:00

GREEN HALL

Declaration

Opening session: Declaration plenary. Presentation of the second draft and presentation of the working process of the following days

Organisation: Declaration group

12:00-16:00**BROWN ROOM**

Declaration

Declaration workshops in the 9 theme groups - open to all

Organisation: Declaration group

13:00-15:00**ORANGE HALL**

Talk

Putting Justice into the Climate Debate

Speakers: Joannan Cabello, Tamra Gilbertson, Oscar Reyes and Kevin Smith

Organisation: Transnational Institute, Carbon Trade Watch

This workshop will decode and explore 'Climate Justice' as a concept through the use of popular education tools to ensure maximum participation. The aim will be to gain a greater understanding of where the concept of climate justice comes from historically and highlight the importance of grassroots-based struggles related to environmental and social change.

13:00-15:00**RED ROOM**

Talk

1/2: Tackling Capitalism and the Climate Crisis

Speakers: To be announced

Organisation: Uk Climate Camp

These workshops will consider how we can identify and tackle the root causes of climate change which are inherent in the social relations of capitalism. These open discussions will cover; Capitalist accumulation as the main cause of climate change; The intersection of the economic, energy and climate crisis; Social movements and radical responses to the catastrophe; Social justice issues related to the climate crisis; Climate justice and the future of anti-capitalism.

13:00-16:00**BLUE HALL**

Talk

Sustainable Consumption and Production Framework

Speakers: Uchita de Zoysa, Dr. Victoria W. Thoresen, Mr. Jeffery Barber, Mr. Bas de Leeuw, Mr. Felix Dodds, Ms. Indrani Thuraisingham

Organisation: Climate Sustainability PLATFORM

Unsustainable consumption and production

patterns are the most critical contributor towards climate change. While Climate Change is said to be the greatest challenge facing humans, we continue to live in world where half of the population are under poverty. The Climate Sustainability PLATFORM will conduct a dialogue to discuss the evolving of a 'Global Framework on Sustainable Consumption and Production' and its role in a climate change agenda.

13:00-16:00**GREEN HALL**

Talk

Climate, Trade and Development From a Gender Perspective

Speakers: Mariama Williams, Norma Maldonado, Graciela Rodriguez and Hilda Salazar

Organisation: International Gender and Trade Network

International trade agreements have been instrumental in designing the current model of global development based on use of natural resources and cheap labor. The situation of women - as result of this - shows clear evidence of the negative impacts on them as workers and their roles in social reproduction. We debate these aspects in this workshop on development alternatives that include the empowerment of women. Languages: EN, ES.

15:00-18:00**ORANGE HALL**

Talk

Global Leadership from Civil Society NOW

Speakers: Anja Kosha Jaubert, Hanne Marstrand Strong, Maurice Strong, Jim Garrison, Ross Jackson, Vinya Ariyaratne, Tony Andersen / Mathilde Kaalund-Jørgensen

Organisation: Klimaforum09

We have come to Copenhagen knowing that the political negotiations among the governments will be difficult and that a climate change agreement may not be reached during this conference. The final treaty that emerges is likely to fall far short of the actions needed to halt or slow the effects for climate change. Thus the responsibility for shaping our response to climate change, for creating a more sustainable world community, will fall to civil society.

15:15-18:15**RED ROOM**

Talk

Women's Perspective on Nuclear Energy

Speakers: Helen Caldicott, Edel Havin Beukes, Eva Fidjestøl

Organisation: Kvindernes Internationale Liga for Fred og Frihed, WILPF, Womens International League for Peace and Freedom

The workshop will amongst others discuss the connection between nuclear energy and nuclear weapons production and its impact on women, the nuclear energy and climate change, the demand for scarce resources such as water by the nuclear industry, the true financial and economic costs of nuclear energy production and the emission of greenhouse gases such as CO₂.

16:00-18:45**BROWN ROOM**

Talk

Climate Change and Democracy

Speakers: Sif Brunemark and Jakob Villadsen

Organisation: Team Ycity

Do we have to change our democracy in order to take care of the climate challenge? That is the main question of this workshop. After a process with story sharing about taking action, a presentation of local youth actions in a global perspective and dialogue about approaches to take political action, we will develop proposals to create a future democracy in light of climate change.

16:15-18:15**BROWN ROOM**

Talk

Popular Movement Cooperation against Repression: Part 1

Speakers: Tord Björk, Luiz Henrique and others

Organisation: MJV/Friends of the Earth Sweden, Klimakollektivet/Climate Collective Denmark, MST stödgrupp/Support group, Föreningen/Association Aktivism.info

How can popular movements cooperate against repression of summit protests and in general? Beginning with repression and the new law package against climate summit protesters also the experience of other summit protests as in Gothenburg and Genova 2001 is addressed. Different forms of repression against Via Campesina in Brazil complements the picture of world wide growing criminalisation of social movements. The aim is to strengthen solidarity against repression.

16:15-18:15

BLUE HALL

Talk

Gender: Climate Change and International Climate Negotiations in action

Speakers: To be announced

Organisation: GenderCC - Women for Climate Justice

GenderCC - Women for Climate Justice will provide a briefing on the linkages between gender and climate change, activities and involvement of women and gender groups in the negotiations, and their positions and demands. We will together with the participants explore how we can communicate these issues to a broader audience, e.g. in the form of street theatre.

16:15-18:15

GREEN HALL

Talk

Delivering a Low Carbon Future within the Transportation Sector

Speakers: To be announced

Organisation: Rådet for Bæredygtigtrafik

Transport's carbon emissions continue to grow and are fed by a powerful mixture of mythology, subsidies, poor planning and streets prioritising the car, deterring pedestrians and cyclists. We must move on from analysis and clearly demonstrate that a low carbon transport future is possible, desirable and deliverable. The presentation will describe a simple, attractive and effective plan to produce at least an 80% reduction in transport's carbon emissions by 2050.

19:00-20:00

YELLOW ROOM

Theatre

In The Footsteps of My Parents

Organisation: Gaa Zaa Lung

With a lard lamp, drumsongs and myths handed down through generations of Inuits you can join a session that will spread light on a new future.

20:00-22:00

BROWN ROOM

Film

Voices of the South on Climate + Voices from the South

Organisation: FASE/FASE-ES

A Brazilian documentary presenting voices

of the traditional populations from three different Brazilian biomes - Amazonia, the Cerrado/Pantanal and the Mata Atlantica. All of these groups and environments have been affected by the impacts of monocultural agricultural practices and global warming.

20:00-22:00

ORANGE HALL

Theatre

Anne Marie Helger Show

Organisation: Anne Marie Helger

The political climate in everyday Denmark is below zero temperatures. It is whistling cold at the top, spreading downwards, running our hearts cold. Foreigners seeking help are left with cold wastewater. In return the weather is getting warmer. Climate change threatens our little, vulnerable, golf ball - Mother Earth. The actress and performer, Anne Marie Helger, starts the VIP-Climate-Tiptop-Meeting.

20:30-21:00

RED ROOM

Film

Planet Positive

Organisation: Planet Positive Foundation

The campaign provides business leaders, politicians, environmental organisations, celebrities and school children with an online platform to express their visions of a low carbon world in 2020 via short movies, illustrations or written words. 2020 Vision aims to reposition climate change as an opportunity to create a better way of living by presenting exciting, positive views of a low carbon world.

20:30-24:00

GREEN HALL

Film

REClimate - Film for the climate

Organisation: REClimate

During autumn young people in the Nordic countries produced their own short films on climate change. Join us for the opening screening and announcement of the winners. REClimate is organised by the Federation of Nordic Associations, the Scandinavian Film Institutes, devoted.net and UNRIC. Watch the ceremony online at: www.reclimate.net.

21:00-22:00

RED ROOM

Film

The Story of Cap and TradeOrganisation: Sustainable Energy & Economy Network
Institute for Policy Studies

With urgent honesty and flash animation graphics - making it very clear who wins and who loses - The Story of Climate Solutions points to the 'devils in the details' such as free permits to big polluters, fake carbon offsets and, most importantly, distraction from the significant tasks at hand in tackling the climate crisis.

22:00-24:00

ORANGE HALL

Music

Satya Amrit - Peace to All

Organisation: Cethums

A meditation concert with sacRed room music from India and Spain. People are guided through breaths and tips of kundalini yoga and science of consciousness. In order to create a world in peace we need to recognize our sense of unity. We are all one and we live together.

09.12.09

09:30-12:00

YELLOW ROOM

Talk

Empowering & Sustaining Action: Work that Reconnects

Speakers: Rowan Tilly, Heather Hunt, Guhyapati.

Organisation: EcoDharma Centre

The experimental workshop aims to support us in reconnecting with our hearts and inspire us to take action. These tools have proven themselves supportive to activists and campaigners who may feel burnt out or searching for clarity. They assist in building affinity groups for action, and contribute to a sustainable and effective activism. These sessions will assist activists, campaigners and lobbyists taking part in Klimaforum to remain motivated and supported during the summit.

Save the Planet not the Profit: The Lurkers - Photo: Dave Cubby

10:00-12:00

GREEN HALL

Talk

Sacred Activism: Mobilizing spiritual communities to address climate change

Speakers: Rev. Joan Brown room Campbell, Andrew Harvey, Bhikkhu Bodhi, Theravadin, Sister Joan Chittister, Saliou Mbecke, Sant Balbir Singh Ji

Organisation: Global Peace Initiative of Women

What are the guiding spiritual principles to help create life sustaining societies? Action without wisdom will not lead to long term positive outcomes. Wisdom without action also will not yield the needed results. The environmental crises demands that we join wisdom with action in a collective manner and work together to develop concrete steps to reverse the damage we have caused our earth and life systems.

10:00-12:00

BLUE HALL

Talk

The Effects of Climate Change on Central America

Speakers: Edgardo Chevez, Fabricio Guerra o Nelson Garcia Lobo

Organisation: OCDIH y CASM de Honduras

Each year the Central American region is affected by various phenomena creating millions in economic losses. Due to the rapid changes many lives are affected also.

10:00-12:00

RED ROOM

Talk

Climate Change and International Human Rights Law

Speakers: Curtis F.J. Doebbler and Ms Margreet Wewerinke

Organisation: Nord Sud XXI and An-Najah National University

A participatory workshop dealing with the human rights approach to climate change.

10:00-12:00

GREY ROOM

Talk

Building a Community Radio Station: A technical primer

Speakers: Max Graef

Organisation: RadioActive

Community radio is used as a powerful tool for promoting social change around the world. This workshop will cover all the tech-

nical aspects of getting a community radio station on the air, including what equipment is needed, how to connect, use and look after it and the technical basics of how low power FM radio works. Languages: EN, ES.

10:00-12:00

BROWN ROOM

Declaration

Declaration workshops in the 9 theme groups - open to all

Organisation: Declaration group

13.00-14.30

GREY ROOM

Talk

Sustainable Energy for Development to Reduce Poverty

Speakers: Paul Allen, Gunnar Boye Olesen, Emil Bedi, Meike Fink, Arjun Makhijani and Raymond Myles

Organisation: International Network for Sustainable Energy (INFORSE), OVE, INSEDA, WAFD, ENDA, CDI, Earth Life Africa and others

The seminar will present a number of proposals for a rapid transition to 100% renewable energy in 20-40 years for a number of industrialised countries. A discussion on how

Worst-case Scenarios - Organisation: Extreme Design Lab - Photo: Andras Mølgaard

we realise the proposals, barriers and ways forward follows. After a comment from the developing world will be a discussion on the role of these plans in a global path to reduce climate gas emissions to sustainable levels.

13:00-15:00

BROWN ROOM

Talk

Global Alarm: Warning, challenge, rescue

Speakers: Jonna Vejrup Carlsen, Morten J. Lintrup, Claus Thomsen, Erik Jensen

Organisation: Global Alarm Association

4 factors can save environment and climate. All items are cost-benefit neutral and can be implemented in 5-10 years. 1:Responsibilities - UN's Human Responsibilities. 2:Family planning - Overpopulation. 3: Trees, Reclaiming nature (reforestation). 4:Thorium - Energy/Thorium (no CO2). Languages: EN, DA.

13:00-15:00

ORANGE HALL

Talk

Monocultural Tree Plantations: False solutions to climate change

Speakers: Marcelo Calazans, Simone Lovera, Ana Filippini and others

Organisation: RECOMA/World Rainforest Movement

Carbon sink projects, biofuels and tree - ethanol have been proposed as solutions for climate change. On the contrary these are false solutions and monoculture tree plantations have many negative impacts on the surrounding communities, mainly in Southern countries. This negative impact has been documented and denounced by several organizations including the World Rainforest Movement, the Latin American Network against Monoculture Tree Plantations and the Global Forest Coalition. Languages: EN, ES.

13:00-15:00

BLUE HALL

Talk

2/2: Tackling Capitalism and the Climate Crisis

Speakers: To be announced

Organisation: UK Climate Camp

These workshops will consider how we can identify and tackle the root causes of climate change which are inherent in the social relations of capitalism. These open discussions will cover; Capitalist accumulation as the main cause of climate change; The intersection of the economic, energy and climate crisis; Social movements and radical responses to the catastrophe; Social justice issues related to the climate crisis; Climate justice and the future of anti-capitalism.

13:00-15:00**GREEN HALL**

Declaration

Declaration plenary session. Presentation of amendments and negotiations of the draft paper

Organisation: Declaration group

13:00-16:00**RED ROOM**

Talk

1/2: Peoples' Assembly on the Peoples' Protocol on Climate Change

Speakers: Bdelmawla Ismail Mohamed Atia, Joan Carling, Wahu Kaara, Tomoko Kashiwazaki, Suranjan Kodithuwakku, Orin Langell, Don Maru, Kinda Mohamadieh, Sarojeni Rengam, Antonio Tujan, Adam Wolfenden

Organisation: Peoples Movement on Climate Change

The Peoples' Assembly on Climate Change is the space to present and ratify the Peoples' Protocol on Climate Change that expresses the (Southern) peoples' perspectives and aspirations, their strategy and response to the climate change issues. It is founded on the principles of peoples' sovereignty, respect for the environment, social justice and human rights and common but differentiated responsibilities.

13:00-14:00**YELLOW ROOM**

Theatre

Some Sustainable Thoughts

Organisation: Jytte Abildstrøm

The environmentalist and ecological court jester, Jytte Abildstrøm, will open up for half an hour to amuse future generations.

14:30-16:00**GREY ROOM**

Talk

Sustainable Energy Education

Speakers: To be announced

Organisation: INFORSE, SPARE, FoE Norway, Friends of Baltic Russia

15:15-16:15**BROWN ROOM**

Talk

Why we should listen to what young people have to say

Speakers: To be announced

Organisation: Young Friends of the Earth Europe

Showing examples of actions, events and methods that young people have been doing to mobilise and ensure their voices are heard, to encourage action for climate justice at home, and why they are here in Copenhagen. The discussion will involve the participation of diverse youth networks, movies and photos.

15:15-17:00**ORANGE HALL**

Talk

Building Community Resilience to Climate Change through Food Sovereignty and Ecological Agriculture

Speakers: Gilbert Sape and Vijay Singh Negi

Organisation: Pesticide Action Network Asia Pacific (PAN AP) and Pesticide Action Network North America (PANNA)

This workshop proposes a way forward through this climate crisis using a bottom-up approach, placing small-scale farmers at the centre of food production. Presenting evidence from over two decades of working with grassroots and people's organizations, the workshop will show how biodiversity-based agriculture and food sovereignty are the foundation of true community resilience in coping with and adapting to climate change, mitigating global warming, and establishing a sustainable, equitable socio-economic system.

15:15-18:15**GREEN HALL**

Talk

1/2: From Globalization to Localization of Life and Economy

Speakers: Vandana Shiva, Tim Jackson, Sophy Banks and Francois Schneider

Organisation: Degrowth Group, NOAH

Economic Growth has caused tremendous environmental destruction and social inequality all over the planet. But global prosperity and equity is possible within the limits of the planet - if we relocalize life and economy. At this seminar you can hear four outstanding speakers elaborate on WHY and HOW and participate in the following debate.

16:00-18:00**YELLOW ROOM**

Talk

BioRegional Solutions for One Planet Living

Speakers: Sue Riddlestone

Organisation: BioRegional Development Group

BioRegional's One Planet Communities programme is a network of the earth's greenest neighbourhoods, where people can live a healthier, high-quality lifestyle while using a fair share of our planet's resources. The programme currently has award-winning endorsed projects in the USA, UK, and Portugal. The One Planet Community endorsement is a sign of the highest achievement in sustainable design and operation, and is based on the 10 principles of one planet living.

16:00-18:00**BLUE HALL**

Talk

GMO Trees, Plantations & REDD: Impacts on indigenous peoples and the climate

Speakers: Anne Petermann, Marcial Arias, Sandy Gauntlett, Diego Cardinas, Camila Moreno

Organisation: Global Justice Ecology Project

Reducing emissions from deforestation continues to be a major emphasis in the international climate negotiations. Unfortunately, the draft of the REDD text allows monoculture tree plantations and even GE trees to be used. The impact on indigenous people, forest dependent people and the climate itself, will be discussed in the workshop along with ways how people can get involved. Languages: EN, ES.

16:00-19:00**YELLOW ROOM**

Talk

2/2: Peoples' Assembly on the Peoples' Protocol on Climate Change

Speakers: Bdelmawla Ismail Mohamed Atia, Joan Carling, Wahu Kaara, Tomoko Kashiwazaki, Suranjan Kodithuwakku, Orin Langelle, Don Maru, Kinda Mohamadieh, Sarojeni Rengam, Antonio Tujan, Adam Wolfenden

Organisation: Peoples Movement on Climate Change

The Peoples' Assembly on Climate Change is the space to present and ratify the Peoples' Protocol on Climate Change that expresses the (Southern) peoples' perspectives and aspirations, their strategy and response to the climate change issues. It is founded on the

principles of peoples' sovereignty, respect for the environment, social justice and human rights and common but differentiated responsibilities.

Young Voices on Climate Change

Organisation: Young Voices on Climate Change

Young Voices presents compelling and inspiring stories of young people from the USA and around the world taking action and finding solutions to the global warming crisis facing our planet. Young people are creating and implementing their own projects, taking the lead and garnering support from climate scientists, teachers, parents, peers and conservation organizations. Turning knowledge into action, by reducing the carbon footprint of their homes, schools, communities, states and countries. Producer/Director: Lynne Cherry

Talk

Models of Alternative Development and Climate Justice

Speakers: Miguel Palacín, Cristian Dominguez, Renée Vidaurre, Elizabeth Peredo, Juan Carlos Alurralde.

Organisation: Plataforma Boliviana de Cambio Climático

Climate Justice and Alternative Development Models in Bolivia. The Bolivian Social Movement's Platform on Climate Change presents recommendations of a Climate Justice Tribunal sitting with the analysis of cases, evidence, "victims" and Ecological "Debtors" as well as inspiring examples of alternative development models based on millennia-old indigenous ways of life.

13:00-16:00**RED ROOM**

Talk

Indigenous Perspectives on Forests and Climate Change

Speakers: Fiu Mataese Elisara, Marcial Arias, Jorge Furagaro, Kanyinke Sena, Pashuram Tamang, Flor Morales, Hubertus Samangun, Ben Powless, Anna Pinto

Organisation: International Alliance of Indigenous and Tribal Peoples of the Tropical Forests and the Global Forest Coalition.

Aiming to raise awareness of indigenous perspectives of forests and climate change indigenous representatives with expertise in forests and climate change policies elabo-

rate on real issues: The rights of Indigenous peoples as laid down in the UN Declaration on the Rights of Indigenous Peoples; The impacts of climate change and false solutions to climate change on indigenous peoples; Indigenous perspectives on carbon trade and REDD; REDD realities on the ground. Language: EN, ES.

13:00-16:00**ORANGE HALL**

Talk

Limits to Growth

Speakers: Tim Jackson, Jørgen Nørrgaard, Mathis Wagnagel, Niels I. Meyer

Organisation: Klimaforum09

In 1972 a well-documented report pointed out that there are limits to growth on a limited globe. This conclusion was strongly criticized, especially by economists. The speakers in this session are evaluating the concept of limits to growth in the light of today's experience with global warming, peak oil etc. They propose a number of solutions involving new economic and social schemes.

15:15-16:15**BROWN ROOM**

Talk

Ecodharma: Integrating the social and personal in a methodology for change

Speakers: To be announced

Organisation: Collectiu Eco-Actiu

Our climate crisis indicates the need for the radical re-organisation of socio-economic structures, and the deep transformation of both the values and consciousness which underpin them. But often strategies for changing society and changing the self can appear antagonistic to each other. Ecodharma attempts to bring together insights from Buddhism and radical ecology - and generate methodologies for effective action which honour the inseparability of social and personal transformation.

15:15-17:15**GREY ROOM**

Talk

10.000 trees

Speakers: Tony Andersen

Organisation: Permaculture international

The basics in Permaculture are the establishment of perennial plant systems - and the

integration between those and the built up of the whole spectrum of the local ecological base. We humans are the basic manipulator of that. In Permaculture we have been working with this since the 1970th. In relation to the Climate Change problems we therefore developed the strategy "less than 1 ton CO2 per person per year / more than 10.000 trees per person per lifetime". The workshop will be discussing and developing this strategy further in relation to all climatic zones.

15:15-18:15**GREEN HALL**

Talk

Feminists Struggling Against Climate Change and Privatisation of the Environment

Speakers: Amparo Miciano, Josie Riffaud, Margrethe Martinsen, Meena Raman, Miriam Nobre

Organisation: World March of Women

The first part of the workshop concerns the links between feminism and environmentalism and the challenges of the climate change negotiations for women. The second part is reserved for the sharing of experiences of women's struggles against the effects of climate change and the privatisation of the environment, and also the affirmation of women's alternatives. The third session will present the World March of Women's 3rd International Action in 2010. Languages: EN, ES, FR.

16:00-20:00**ORANGE HALL**

Talk

Towards a Peoples Tribunal on Ecological Debt and Climate Justice

Speakers: Lidy Nacpil, Ivonne Yanez, Percy Makombe, Ricardo Navarro, Yuyun Harmono, Rezaul Karim Chowdhury, Angela Navarro, Naomi Klein, Miguel Palacin, Tom Kucharz, Beverly Keene, Wilfred D'Costa, Carolina Amaya, Elyzabeth Peredo

Organisation: Jubilee South, World Council of Churches, Climate Justice Now!, Oilwatch, Southern Peoples Ecological Debt Creditors Alliance (SPEDCA), Friends of the Earth International, Focus on the Global South, FASE, Ecologistas en Acción, CRBM

Protecting human rights also means promoting the rights of people and nature. This activity aims at deepening understanding of ecological debt and its relation to climate, human and nature rights, through analysis and testimonies from the creditors of ecological debt, the sharing of strategies and proposals for achieving recognition, and payment of

that debt. Including the role of a Peoples' Tribunal on Ecological Debt and Climate Justice. Languages: EN, ES, FR.

16:15-18:15

Talk

Demonstration Banner Making Workshop

Speakers: Katherine Ball, Matthew Warren, Alec Neal

Organisation: SEA Change Artist Collective

Participants will create large banners to carry in the December 12 demonstration. Workshop artists will teach a screenprinting technique in which participants will use to quickly print any phrase of their choosing. The letters are 28 x 43 centimeters and imprinted with a solar panel pattern. We will also have a series of posters to print from artists including the Beehive Collective (www.beehivecollective.org). Please bring your banner material if possible.

10:00-12:00

BROWN ROOM

Talk

Meat Consumption and Climate Change

Speakers: Jens Holm, Sonja Lewandowski, Sune Borkfelt, Wayne CW Kao

Organisation: Danish Vegetarian Society & VegClimate Alliance

A major shift away from meat-based diets is an essential part of efforts to stop global climate change and other environmental threats. Different reports will be considered, including the 2006 UN FAO report "Livestock's Long Shadow". The questions of how to increase awareness of the dietary connections to climate change, and how to reduce the consumption of animal products in favour of plant-based diets, will also be discussed.

10:00-12:00

YELLOW ROOM

Talk

Climate Change and Human Rights of Indigenous Communities

Speakers: Juan Carlos Alurralde

Organisation: Diakonia América Latina

Climate change is causing Bolivia's Andean glaciers to retreat and many are expected to vanish within a couple of decades. One such glacier is Illimani, on which the indigenous rural community of Kaphi depends for their drinking water, sanitation, and livelihoods. Primary responsibility for the impacts of cli-

mate change on the human rights of communities like Kaphi rests with those countries that are the major emitters of greenhouse gases.

10:00-12:00

RED ROOM

Talk

Agriculture and Climate Change: A critical analysis of proposed solutions

Speakers: Helena Paul, Rachel Berger and Jean Yasol

Organisation: Development Fund, EcoNexus and Practical Action

A presentation of a collaborative report: "Agriculture and Climate Change: Real Problems, False Solutions". Presentations will assess proposed solutions, such as biochar, GM crops, intensified livestock production, soils in carbon trading, through to agro-ecological farming systems based on enhancing beneficial biological interactions, maximising biodiversity and building on farmer knowledge. A facilitated discussion will follow presentations.

10:00-12:00

GREY ROOM

Talk

Geoengineering: Manipulating the climate for a technofix

Speakers: To be announced

Organisation: ETC Group

As action on emissions reductions stalls, industrial think tanks and former climate sceptics are gaining support for using large scale technology 'fixes' for the climate crisis. They call this Geoengineering. Proposing risky interventions in planetary systems such as polluting the upper atmosphere with nanoparticles, rejigging the chemistry of the world's oceans or attempting to redirect hurricanes. Some governments are now toying with geoengineering and this threatens life on earth.

10:00-12:00

GREEN HALL

Talk

Claiming Rights for Climate Refugees

Speakers: Arjun Karki, Willy D Costa, Lidy Nacpil, Beverly Keene, Andreas Kamm, Hasan Mahmud

Organisation: South Asia Alliance for Poverty Eradication (SAAPE), LDC Watch and Equity and Justice Working Group Bangladesh (EquityBD)

Due to the climate change impacts there will

be around 200 millions of climate induced displaced people by the year 2050 - 30 million of them in Bangladesh. Victims of such a displacement are not responsible for this fate, which has happened because of the high level of carbon emissions of developed countries.

10:00-12:00

BLUE HALL

Talk

Working with the Forces of Nature to Heal the Planet

Speakers: To be announced

Organisation: Global Peace Initiative of Women

The environmental crisis is a moral and spiritual crisis, a crisis of consciousness. Unless we make a change in consciousness we will not be able to reverse the damage done. All we need to do is to recognize the living systems we are a part of, focusing on the needed changes in behavior and lifestyles that will reduce the waste and degradation that modern life entails.

13:00-14:00

GREEN HALL

Talk

The Inner Dimensions of Climate Change

Speakers: Wangari Maathai, Sraddhalu Ranade, Phra Dharmakosajarn, Richard Cizik, Sister Jayanti, Swami Veda Bharati

Organisation: Global Peace Initiative of Women (GPIW)

To reverse the damage of our environment and effectively address climate change, every individual will need to take responsibility. Governments alone cannot do what needs to be done. Shifts are happening. Spiritual practices - meditation, prayer, reflection - are key to changing perceptions and behavior. What are the principles that must guide our actions? How can these practices effect outer change?

13:00-15:00

GREY ROOM

Talk

Global Warming: The capitalist catastrophe and the eco-socialist alternative

Speakers: Terisa Turner, Michael Löwy and others

Organisation: The Ecosocialist International Network

Global warming may soon become the worst catastrophe in human history; the result of

a blind logic of capitalist accumulation and expansion. The market solutions have utterly failed to stop a course towards disaster. Ecosocialism is a radical alternative aiming to change the existing system of production and consumption, proposing a new model of civilisation, based on the satisfaction of authentic social needs and the protection of the environment.

13:00-15:00

YELLOW ROOM

Talk

Launch of International Campaign on Climate Refugee Rights (ICCR)

Speakers: Ahmed Swapan Mahmud, Suranjan Kutuwakuti, Penny Davies, Demba, Caroline

Organisation: VOICE

The launch of the Campaign on Climate Refugee Rights. Due to climate change the people of developing countries, including Bangladesh, will be displaced from their homes. Claiming their right to be resettled and to place climate refugee rights in a legal framework under the United Nations.

13:00-15:45

BLUE HALL

Talk

Say No to GMOs: Why GM crops are not a climate or food security solution

Speakers: Vandana Shiva, Debi Barker, others

Organisation: Center for Food Safety and Navdanya International

Big agribusiness tells us genetically modified (GM) crops are necessary to feed the world. This discussion, featuring world-renowned environmental author and activist Vandana Shiva, will explore problems with GM crops and how true food security can be achieved only by making a U-turn away from industrial agriculture and toward sustainable, local, organic food systems free of genetic modification.

13:00-16:00

RED ROOM

Talk

Interest-free Economy: Because greed never has been sustainable

Speakers: Miguel Ganzo, Sofia Hamrin, Henrik Friis

Organisation: JAK Medlemsbank (Sweden) and J.A.K. (Denmark)

An interest-based economy generates the need of constant and exponential growth. A good ground for a smooth and realistic degrowth would be to change to an interest-free economy. Interest encourages short-term decisions and favours projects providing high, short term returns. JAK Medlemsbank (Sweden) has been operating an interest-free savings and loan system since 1970.

13:00-16:00

BROWN ROOM

Talk

Strategy meeting on a people's tribunal on ecological debt and climate justice, 2010

Speakers: Athena Peralta and Beverly Keene

Organisation: Jubilee South, World Council of Churches, Climate Justice Now!, Oilwatch, Southern Peoples Ecological Debt Creditors Alliance (SPEDCA), Friends of the Earth International, Enlazando Alternativas, OWINFS, Focus on the Global South, FASE, Ecologistas en Acci

Building on the "Towards a peoples tribunal on ecological debt and climate justice" activity on the 10th, this strategy session aims at advancing collective planning of the tribunal process, as an instrument of struggle for recognition of the North's ecological and climate debt to nature and South peoples and support of new avenues, including codification of nature rights and the judicialization of ecological and climate crimes, for securing ecological justice. Languages: EN, SP, FR.

with:

Ojos de Brujo

Techari

Ojos de Brujo

- FLAMENCO WITH BIG CITY ATTITUDE

A unique mix of flamenco, hip hop and various other ethnic music genres have turned the Barcelona collective into world music superstars. The Catalan innovators add musical colouring to ClimateForum09.

To many people, flamenco is the epitome of Spain.

Ojos De Brujo take the old tradition and add something radically new. They have done so since the late 90s when they first took the world scene with their red-hot, aromatic mixture of flamenco guitar, hand claps, Caribbean rhythms and North American rap - everything fronted by flamboyant vocalist Marina "la Canillas" Abad. Many continents and points of the compass are present - and yet, the band's fundamental signature sound is more Catalan than all of Barcelona's shellfish and red wine combined.

PARTY WITH POLITICAL RESONATOR

During the past 10 years, the band has released four studio albums and various live and remix albums. The latest release from 2009 is called *Aocaná*. These albums can prepare the still uninitiated for the roar of a concert awaiting the crowd at ClimateForum '09. A joie-de-vivre-yell on behalf of everyone oppressed in this world. Far away from the officials and all their toasts at the climate summit.

Ojos De Brujo is a hot-blooded band that never forgets to plead the cause of the weak in concert. The weak, which the entire climate summit, ultimately, is or should be about. A widely recognised, international collective with Spanish magic and a rebellious joy of playing under the flamenco skirts.

Ojos de Brujo play at DGI-byen on 11 December: 21.00. Free entrance

Dialogue on a Post-Oil Civilisation

Speakers: Nnimmo Bassey and Esperanza Martinez

Organisation: Oilwatch International

The struggle for a new development model, for energy sovereignty and for sustainability depends on our ability to think along the lines of a new development paradigm built not on oil but on the need to stop the flow of carbon into the ecosystem. It is evident that this transition to a new civilization requires the mobilization of powerful movements around the world that will provide equity, justice and sustainability. Languages: EN, ES.

10:00-12:00

GREEN HALL

Talk

Organic Solutions to Climate Change and Food Security

Speakers: Vandana Shiva, Patrick Holden, Alan Imai, Barbara Hachipuka Banda

Organisation: Shumei International

As countries experience shifts in climate conditions, food security becomes an increasing concern. A major contributor to climate change is modern, industrial agriculture. The effort to reduce our carbon imprint must include a re-examination of agricul-

tural methods and explore new approaches to securing our food supply. This session highlights the role of community supported Organic/Natural Agriculture in feeding a growing population while mitigating climate change and natural resource depletion.

11:00-12:00

YELLOW ROOM

Talk

Feminist Environmentalisms Rewrite the Global Warming Narrative

Speakers: Michelle Garvey

Organisation: University of Minnesota: Gender, Women & Sexuality Studies Department

This workshop addresses normative U.S. environmental discourse, business-as-usual politics and policies that focus on neoliberal and market-based solutions to global warming. These are "non-solutions" for the majority of the world, failing to engage with global warming, exacerbating climate injustice and environmental crises. The argument is that by utilising feminist environmentalist interventions throughout this discourse more inclusive and democratically aimed solutions to global warming and climate injustice will be provided.

13:00-15:00

BLUE HALL

Talk

Learning from the Everyday Practice of Transition

Speakers: Paul McIlvenny, Paul Routledge, David Featherstone, Justin Kenrick

Organisation: Participatory Geographies Research Group

In making the transition to a post peak oil world of climate justice, communities overcome many obstacles: ideological diversity, bureaucracy, public apathy, economic constraints, vested interests and coercive state enmity. In the process, they resolve tensions that are theoretically irresolvable: they deal with capitalism; they deal with the state, they reconcile their radicals and reformists. Following opening statements, break-out groups will discuss learning from this experience and disseminating the lessons.

13:00-15:00

RED ROOM

Talk

A Real Environmental Movement: Stop talking, start working

Speakers: Tamra Gilbertson

Organisation: Ung Vänster (The Swedish Young Left)

Often questions about the environment become a competition of who has the best "ecolifestyle". Is that where an environmental movement should focus? We discuss how to avoid getting into a discussion about guilt, those who can or can not afford to choose organic and how to use class and gender theories to work radically for real. It is time to start working!

15:15-17:15

RED ROOM

Talk

The Butterfly Wings: Weather manipulations and energetic devices to restore harmony

Speakers: Jacques Cleret Aceipeica and Claire Henrion

Organisation: ACSEIPICA

The workshop is dedicated to alternative ways of improving positive climatic change despite weather modifications and weather manipulations. According to Wilhelm Reich's and Don Coft's discoveries, we can create opportunities for everybody to learn ways of restoring positive energy everywhere even with frequency pollution, electromagnetic pollutions and even chemical pollutions such as chem-trails.

20:00-21:00

GREEN ROOM

Music

Nature in Music

Organisation: North Zealand Symphony Orchestra

The concert is 40 minutes of classical music played by violins, violoncellos, double basses, flutes, oboes, clarinets, bassoons, trumpets, horns, trombones, and timpani - all without amplifiers and microphones. Composers of classical music are often inspired by Nature like stormy weather, lightning, majestic mountains, forests, and whirling streams. Music by Gade, Grieg, Strauss, and Waldteufel.

19:00-21:00

BROWN ROOM

Film

A Little Bit of So Much Truth

Organisation: RadioActive

A Little Bit of So Much Truth (Un Poquito de Tanta Verdad), by Jill Freidberg (Corrugated Films) about the use of the media in teacher's protests in Oaxaca, Mexico in 2006. The film is in Spanish with English, French and Portuguese subtitles.

20:00-21:00

RED ROOM

Film

La vie en vert (Living Green)

Organisation: Francois Top

Francois Top is a French painter and video artist whose life project is to mutate into a different form. "Imagination is our only tool to reactivate our process of evolution", says Francois. His wish is to become a green salad and to grow in peace somewhere. See his process of transformation on video: La vie en vert.

21:00-24:00

ORANGE HALL

Music

CO2-neutral music event

Organisation: OrangeCamp

The event will be a 100% CO2 neutral music event supplied by solarpower. The event will have live rockbands and DJ's performing. Furthermore there will be a music competition and an environmental competition, both with nice prizes for the winners. More details about the event can be found on www.OrangeCamp.dk.

13.12.09

10:00-12:00

RED ROOM

Talk

1/2: Debt, Trade, Finance, Agriculture and Climate Change

Speakers: Lidy Nacpil, Mario Palacios, Beverly Keene, Carolina Amaya, Camille Chalmer, Demba Moussa Dembele, Arjun Karki, Ivonne Yanez, Ronnie Hall, Tom Kucharz, Mary Lou Malig, Renaldo Joa, Ana Filipini, Silvia Ribeiro, JJ Polong

Organisation: Climate Justice Now! Coalition and others

The workshop will use an interactive methodology (including short videos and pictures) with testimonies from the South and campaigners for climate justice. Discussing the relationships between climate change, global issues such as ecological and climate debt, the need to phase out fossil fuels, the implications of free trade and agrobusiness on climate change, and the role of international financial institutions and global finance in promoting an unsustainable economic model. Languages: EN, ES, FR.

10:00-12:00

BROWN ROOM

Talk

Cuba's Energy Revolution

Speakers: Luis Plácido Ortega Izquierdo and Luis Bérriz Pérez

Organisation: Dansk-Cubansk Forening

The Energy Revolution starting in 2006 has made Cuba a model of sustainable development. In two years, the Cubans have cut consumption of kerosene by 66%, liquefied petroleum gas by 60% and gasoline by 20%. The main aspects presented here: 1:Energy efficiency. 2: Increasing the availability and reliability of the national electric grid 3: More renewable energy technologies 4:Increasing the production of local oil and gas 5: International cooperation. Languages: EN, ES.

10:00-12:00

BLUE HALL

Talk

Municipalist Climate Politics

Speakers: Roxanna Castellon

Organisation: Communalism - International Journal for a Rational Society and Democratic Alternative (Sweden)

Without decentralisation no global solutions are possible. This seminar focuses on

the facts and arguments that make up the case for a local approach to climate, energy and environment issues. We argue that real popular agency, along with the municipal and regional levels, are all too often overlooked when confronting these issues. Municipal and global solutions go hand in hand, as well as democratic, economic and technical revolutions.

10:00-12:00

GREY ROOM

Talk

Climate Justice and Gender

Speakers: Lars Ohly and Rickard Warlenius

Organisation: Vänsterpartiet, Ung Vänster and Vänsterns studentförbund

This workshop will examine the relationship between climate justice and gender. Rich people - mainly rich men - are responsible for global warming. Poor people - mainly poor women - are those affected most by climate change. How can we achieve climate justice? And how do we change unsustainable consumption patterns among the rich men?

10:00-11:00

GREEN HALL

Film

The Third Pole

Organisation: Vandana Shiva, Navdanya

The Himalaya, the Third Pole, has so far been missing in the climate discussions. Himalayan glaciers and rivers support nearly half of humanity, but are disappearing at an alarming rate. The Third Pole is made by local communities and young film makers. It documents the disasters Climate Change is already causing in the high altitude desert region of Ladakh.

11:15-12:15

GREEN HALL

Talk

Why Carbon Markets Won't Work and a Route Map for Alternatives

Speakers: To be announced

Organisation: Friends of the Earth England, Wales, Northern Ireland

Friends of the Earth UK and their allies will speak about their new report on carbonmarkets, why they won't work and what the alternatives are. Languages: EN, ES.

13:00-14:00**GREY ROOM**

Talk

Climate and Intergenerational Issues Dialogue

Speakers: To be announced

Organisation: International Youth and Student Movement for the United Nations

The dialogue will examine questions of equity and justice across generations vis-à-vis climate change and development, calls for reparations and justice for slave trade and colonialism on which unequal industrialization was based; emphasize decolonizing global governance and meeting climate change challenges through south-south cooperation, north-south solidarity and more democratic international institutions; promote a process for international NGO campaigning on climate change and intergenerational issues; build necessary contact, networks and partnerships.

13:00-15:00**ORANGE HALL**

TALK

Manifesto on climate change and the future of food security

Organization: International Commission on the Future of Food and Agriculture

Speakers: Vandana Shiva, Caroline Lockhart and more.

This groundbreaking document articulates a powerful new vision for confronting climate change and ensuring food security for the planet. Vandana Shiva, world renowned radical scientist, environmentalist and human rights advocate will be joined by other leading activist members of the International Commission on the Future of Food and Agriculture who drew up the document, and will detail the Manifesto's clear and to the point message.

13:00-15:00**BROWN ROOM**

Talk

The Climate Emergency: Making the emergency response real

Speakers: To be announced

Organisation: Campaign against Climate Change

The Climate Emergency is just a meaningless phrase unless the North is taking real concrete measures that look and smell like emergency measures, such as: 10% emission cuts

by the end of 2010. An additional number of green jobs equivalent to 1.5% of the population, within 1 year. Ending domestic and short haul flights and yearly targets to reduce the burning of coal now.

13:00-15:00**RED ROOM**

Talk

2/2: Debt, Trade, Finance, Agriculture and Climate Change

Speakers: Lidy Nacpil, Mario Palacios, Beverly Keene, Carolina Amaya, Camille Chalmer, Demba Moussa Dembele, Arjun Karki, Ivonne Yanez, Ronnie Hall, Tom Kucharz, Mary Lou Malig, Renaldo Joa, Ana Filipini, Silvia Ribeiro, JJ Polong

Organisation: Climate Justice Now! Coalition and others

The workshop will use an interactive methodology (including short videos and pictures) with testimonies from the South and campaigners for climate justice. Discussing the relationships between climate change, global issues such as ecological and climate debt, the need to phase out fossil fuels, the implications of free trade and agrobusiness on climate change, and the role of international financial institutions and global finance in promoting an unsustainable economic model. 13:00-16:00**GREEN HALL**

Talk

Soya and Pigs for Food and Fuel

Speakers: Mario Monti, Jorge Rulli, Jorge Galeano, Marek Kryda

Organisation: NOAH Friends of the Earth Denmark

Denmark produces 25 million pigs annually using GM soya from Argentina. The soybean and pig industries are now hoping to supply energy markets with so-called renewable energy. If agriculture is included in the climate change deal and if "no-till" agriculture is treated as a carbon sink, then intensive pig production and GM soya monocultures will effectively be rewarded with carbon credits when they should be condemned as destructive. Languages: EN, ES.

13:00-16:00**BLUE HALL**

Talk

Transition Towns: A concrete practical alternative

Speakers: Ben Brangwyn, Sophy Banks, Naresh Giangrande

Organisation: Transition Network - UK

The Transition Towns (TT) initiative presents concrete ways for individuals to act on climate and peak oil challenges in their communities. Based on positive visions of the future, we enable the creation of sustainable lifestyles. This workshop explains TT as a concept and informs on achievements to date. Our goal is to inspire others to start TT initiatives locally. Join the TT movement! Create a better world through local action!

14:00-16:00**OKSNEHALLEN**

Theatre

Mr. Green Cirkus

Organisation: Mr. Green

Meet the award-winning Mr. Green Circus-Show. Where the Climate Clown, The Music Robot Lydku Lise and The Interactive Energy Machine fuelled by the audience's energy, jeopardize everything to find alternative sources of energy in the show. Never really finding a sufficient amount of energy to get properly started.

14:15-16:00**YELLOW ROOM**

Talk

The Negawatt Scenario: Our energy strategy for an Alter-Development

Speakers: Vincent Le Rouzic

Organisation: Mouvement Utopia

The Negawatt Scenario should be adopted as it would achieve the factor-four goal. Based on energy sobriety and efficiency, and the development of renewable energies (solar energy, wind power, water power, geothermal energy and biomass). This would largely decrease French greenhouse gas emissions over time and improve the economy by 2050. Language: FR.

Organisation: Danish-Cuban Association - Photo: Bente Dam Sørensen

14:15-16:15

GREY ROOM

Talk

Eco Update from New-York City

Speakers: Bill Di Paola, Laurie Mittlemann

Organisation: Time's Up environmental organization, New-York City

Time's Up is a grassroots organisation using educational outreach and direct action to promote a more sustainable, less toxic city. For 20 years Time's Up! has been battling to calm New York City's streets for a better cycling experience. Find out how they attempt to make cycling a safe, fun, everyday way to spare the climate through group rides, videos, mediagenic and funny events, skill-shares, cultural, social and legal means.

15:15-17:15

RED ROOM

Talk

**Reclaim the Fields!
Growing food against privatization**

Speakers: To be announced

Organisation: Reclaim The Fields

While the Kyoto agreement and Copenhagen negotiations head towards more privatization of natural resources, young people mobilize all around the world to reclaim the fields and start to produce food as a way to resist against the neo-liberal enterprise of destruction. Languages: EN, ES, FR.

15:15-18:00

ORANGE HALL

Talk

**The Climate Justice Now!
Peoples Assembly**

Speakers: To be announced

Organisation: Climate Justice Now

This Assembly will inspire activists to take the fight for climate justice back to their homes, onto the streets, and into the UN. Indigenous leaders, farmers, women and workers, community activists, singers, poets and story tellers will educate, inspire and give testimony. The hot issues in the negotiations will be debated and ideas for action / alternatives shared. Join us to learn about climate justice and to build our movement.

15:15-18:15

BROWN ROOM

Talk

**Climate Change and Conflicts:
The Danger of future wars**

Speakers: Trine Pertou Mach, Joachim Spangenberg, Jürgen Scheffran, Reiner Braun, Lene Junker, Claus Montonen

Organisation: International Network of Engineers and Scientists for Global Responsibility (INES) and No To War Denmark (NTK)

According to the UN, 20 million people were made homeless because of climate related disasters in 2008. We will experience more floods and drought, and force millions of poor people to flee their homes, causing conflicts over farmland, water and food. Solutions are required that are socially and globally just. Money used on weapons of mass destruction and warfare should be transferred to social and sustainable development.

16:00-18:00

GREEN HALL

Talk

**Agriculture and Climate Change:
Real problems, false solutions**

Speakers: Helena Paul, Million Belay, Melca Mahiber, Teresa Anderson, Stella Semino

Organisation: NOAH Friends of the Earth Denmark

A critical overview of the proposed COP15 solutions for climatic mitigation and adaptation. The themes presented will be: Carbon trading proposals for agriculture; does no-till agriculture reduce carbon emissions?; bio-char and what can we expect adding charcoal to the soil; what are the climate implications of grabbing "marginal land"; can genetic engineering and the new "bioeconomy" provide solutions to climate change?; towards an Alternative Vision. Languages: EN, ES.

16:15-18:15

BLUE HALL

Talk

**Capitalism and the Climate Crisis:
Left alternatives**

Speakers: Marisa Matias, Eva Bulling-Schroete, Per Clausen, Ian Terry, Walden Bello

Organisation: Enhedslisten/the Red-Green Alliance (Denmark), Die Linke (Germany), the Left Bloc (Portugal), European Left - possibly more

A public meeting/workshop of European left parties presenting their views on the climate crisis and discussing the role, policies and strategies of the radical left to confront

climate change with representatives of the South and the trade union movement. A general discussion on the topic with participants in the meeting.

16:15-18:15

YELLOW ROOM

Talk

**When Climate Change is a
Matter of Survival**

Speakers: Mulualem Birhane Lieh, Alebachew Adem Nurye and Rahel Belete Eshete

Organisation: Ethiopian climate change NGO network

Climate change is pushing Ethiopia's farmers lives to the edge. Rains are unpredictable and droughts occur often. The Ethiopian Civil Society Network on Climate Change, presents how climate change affects one of the least developed countries in the world and what should be done to help those most vulnerable to adapt. Meet the farmer Mulualem who grew up in a green Ethiopia but believes he will die in a dry Ethiopia.

17:00-19:00

RED ROOM

Talk

**A Constructive Popular Movement
Programme for Sustainable Transition**

Speakers: Torgny Östling, Lars Igeland, Knud Andersen, Anders Olesen and others

Organisation: MJV/Friends of the Earth Sweden, NOrdbruK/Via Campesina Sweden, MST stödgrupp/Support group, Levende hav/Living Sea, Austrian Social Forum, Föreningen/Association Aktivism.info

How can a constructive programme for a sustainable transition of our societies be developed by popular movements including both industrial, land and water use production as well as consumption. The importance of more local or collective forms of organizing the means of production and consumption will be addressed. How to combine land and urban reform as well as alternative industrial production. How to strengthen both rural and urban social forces. Languages: EN, SP, PT, DA.

18:00-21:00

ORANGE HALL

Talk

**Copenhagen and beyond:
Delivering a meaningful deal on climate
change - the Global Green perspective**

Speakers: Marina Silva, Wangari Maathai, José Bové, Christine Milne, Elizabeth May, Catherine Grèze

Organisation: Klimaforum09

This meeting will bring together Green politicians from across the globe to outline their views on what a meaningful climate agreement is and how it can be achieved. With the UN climate talks in Copenhagen expected to fall short on delivering a far-reaching and binding agreement to tackle climate change; this public event aims to give a Green perspective on how a meaningful and sufficient global deal on climate change can be reached before it is too late.

19:30-20:00

RED ROOM

Film

A World Beyond Oil

Organisation: Brandbjerg Folk High School

In August 2009 fifteen people from all over the world gathered in a room for a COme2gether climate workshop at Brandbjerg Folk High School in Denmark. The purpose was to discuss visions and scenarios for a world beyond oil and send a message to the UN Climate Conference in Copenhagen. The message to COP15 presented in this film is based on this workshop and on the assumption that another world is possible.

20:00-24:00

RAAHUSET

Music

Save the Planet not the Profit

Organisation: Anne Feeney + The Lurkers + David Rovics

Experience a night with peace activist and singer Anne Feeney, bluegrass from the Australian band The Lurkers and the singing American journalist David Rovics' folk-punk representation of the state of the world.

20:00-22:00

RED ROOM

Film

The Good with the Bad

Organisation: Sussi Handberg

Sussi Handberg demonstrates how it is possible to create a modern, low carbon and comfortable strawbale house based on natural and local materials. The film shows how the strawbale house forms out of the rehabilitation process after having thrombosis in the brain. Sussi Handberg is a PhD in Environment and Technology.

21:00-23:00

GREEN HALL

Film

Voices of Victims

Organisation: Ibis/Oxfam

In a selection of videos, Oxfam has collected compelling testimonies on the effects of climate change. The affected people show us the problems with flooding in Chimbote, earthquakes and draughts in Arequipa and glacier melting in the Highlands of Peru. At the same time they show how they try to adapt to the new climatic reality with their scarce resources.

14.12.09

10:00-12:00

BLUE HALL

Talk

Will a Green New Deal Save Us?: Socio-ecological ways out of the crisis

Speakers: Andrea Lambrich, Hendrik Sander, Alexis Passadakis

Organisation: Attac Germany

As the economic crisis continues and climate politics remains deadlocked, proposals for a Green New Deal have increasingly come into vogue. Is investing in the green economy, promising to foster economic, ecological and social goals, the only way to resolve the current crises? Or will the quest for economic growth once again fuel the destruction of our planet? This workshop discusses the tension between pragmatism and the need for fundamental transformations.

10:00-12:00

GREEN HALL

Talk

ALBA: Political Will to Sustainable Development

Speakers: Edelys Santana Cruz

Organisation: Danish-Cuban Association

ALBA is an economic, social and cultural alliance between nine Latin American countries to fight poverty and social exclusion. It was founded in 2004 as an alternative to the US neoliberal ALCA agreement and is based on the principles of mutuality, cooperation, solidarity and respect for the sovereignty of the peoples. The eradication of illiteracy in Venezuela, Nicaragua, Bolivia and Ecuador are among its advances. Languages: EN, ES.

10:00-12:00

RED ROOM

Talk

Saving the Rain Forest and Transition to Sustainable Forestry

Speakers: Torgny Östling, Simone Lovera, Anna Bernstad, Dag Fredriksson, Luiz Henrique

Organisation: MJV/Friends of the Earth Sweden, NOrdBruk/Via Campesina Sweden

We address the role of forests for the climate, the role of forest degradation and deforestation in the climate negotiations, and the uncertainties and impacts of commodification of the forest. We then focus on how to change the production, that is, move to ecologically and socially sustainable forestry in the North and the South. Environmentalists, small farmers, forest dwellers and indigenous people will address this issue. Languages: EN, ES.

10:00-12:00

YELLOW ROOM

Talk

Impacts of Climate Change on the Lives of the People in the LDCs

Speakers: Arjun Karki, Demba Dembele, Sarba Raj Khadka, Azeb Girmai, Rezaul K Choudhry

Organisation: LDC Watch and MS Action Aid, Denmark

The impacts of climate change will be presented by the select representatives of LDCs. An interaction will follow. Participants from UN and Gov. reps, CSOs and people affected directly.

10:00-12:00

BROWN ROOM

Talk

Why Agrofuel is a False Solution to Climate Change

Speakers: To be announced

Organisation: La Via Campesina

Testimonies from small farmers from grassroots organisations and members of La Via Campesina concerning agrofuel projects in Africa, Asia, Latin America, and North America. This session will explain how agrofuels generate food crises, violations of peasant rights and climate change. Languages: EN, ES, FR, PT.

13:00-15:00

YELLOW ROOM

Talk

Allocating the Carbon Budget: Fresh perspectives

Speakers: Moderated by Surya Sethi and Ambuj Sagar

Organisation: Center for Science and Environment (India)

There is no fair solution to climate change mitigation without a thoughtful basis for effort sharing. A diverse panel will go beyond rarified descriptions of individual proposals to examine how key allocation methods truly compare, and how a budget approach could be introduced into a climate deal.

13:00-15:00

BLUE HALL

Talk

Climate, Ethics and Food

Speakers: To be announced

Organisation: Danish Consumer Council

The workshop will focus on the ethical implications of our food choices in a climate-distribution relationship. Production and consumption of food accounts for 22% to 31% of the EU countries overall impact on climate. Due to climate change, living conditions in many parts of the world are worsening, while food is becoming a scarce resource globally due to population growth and changing diets in developing economies. Languages: UK, DK,

13:00-15:00

GREEN HALL

Talk

Durban Group for Climate Justice: Workshop 1

Speakers: Souparna Lahiri, Larry Lohmann, Anna Pinto, Trusha Reddy, Janet Redman and Oscar Reyes

Organisation: Durban Group for Climate Justice

Carbon trading is a complex system with a simple goal: to make it cheaper for companies to continue polluting. This workshop will examine some of the largest carbon trading criminal acts taking an in-depth look at corruption, ways the Clean Development Mechanism has perpetuated the criminalisation of resistance on the ground, the breakdown of the market and how climate finance has functioned to rig the system throughout Kyoto's history.

13:00-16:00

RED ROOM

Talk

The Role of Boreal Forests in the Climate Change Debate

Speakers: Andrey Laletin, Sini Eräjää, Roger Olsson, Anatoly Lebedev

Organisation: Taiga Rescue Network and Global Forest Coalition

The workshop aims to address the importance of boreal forests in mitigating and adapting to climate change as well as the threats to boreal forests posed by climate change. The workshop will look into opportunities to preserve boreal forests as carbon storage and also discuss perspectives on how outcomes of the climate negotiations affect boreal forests, situated mainly in Annex 1 countries.

13:00-16:00

BROWN ROOM

Talk

Climate Change and the Politics of Transition

Speakers: Paul Chatterton, Alice Cutler, Kevin Smith, Lauren, John Cunningham

Organisation: Trapeze Popular Education Collective

In 2007 members of the Trapeze Collective published a booklet called 'The Rocky Road to Transition: The Transition Towns movement and what it means for social change'. This workshop will explore the politics of transition through a number of key issues raised in the booklet. Short opening statements will

be made, then participants will break out into small groups to discuss one or more topics of their own choosing. Languages: EN, ES.

13:00-16:00

ORANGE HALL

Talk

Sustainable Living, Localism and Resilience

Speakers: Stephan Harding, Jon Rae, Julie Richardson

Organisation: Schumacher Darlington

Transition Network and Schumacher College offer a participatory event inspired by grass roots action that communities are taking in response to the twin challenges of climate change and peak oil. Imagine what your own community would look like as we lead a way of life that is more resilient, more fulfilling and more equitable whilst dramatically lowering our carbon footprint and reducing oil dependency. This is already beginning to happen and examples are captured by the recently released film 'IN TRANSITION', which will be shown at the event.

15:00-17:00

GREEN HALL

Talk

Durban Group for Climate Justice: Workshop 1

Speakers: Marcelo Calazans, Rehana Dada, Michael Dorsey, Tom Goldtooth, Ana Filipini, Ivonne Yanez

Organisation: Durban Group for Climate Justice

Carbon trading is a complex system with a simple goal: to make it cheaper for companies to continue polluting. New false solutions such as REDD, techno-fixes like CCS and market linking schemes are proposed. What are they and what would their potential impacts be? The workshop decodes the new languages developing inside the climate Talk and highlights issues from a justice-based approach of the impacts on people and the environment.

15:15-17:15

YELLOW ROOM

Talk

Indigenous Voices on Climate Change

Speakers: Brian Keene, Nick Lunch and Gleb Raygorodetsky

Organisation: Land is Life, InsightShare and the Christian Fund

This workshop is part of an indigenous-led

multimedia campaign to amplify indigenous voices in the global discourse on climate change. Presented by indigenous custodians of global biocultural heritage alongside with their partners Land is Life and Insight-Share, the workshop will highlight first-hand accounts of the impacts of climate change on local communities. The focus is on the unintended consequences of imposed mitigation efforts, and examples of traditional knowledge in developing responses to climate change.

15:15-17:15

BLUE HALL

Talk

Hands-on Tactics Training for Youth Activists Demanding Climate Justice

Speakers: To be announced

Organisation: Young Friends of the Earth Europe

A workshop giving tips and tactics on making an effective and successful action, in the context of the negotiations happening now in Copenhagen. There'll be space for creative ideas planning, how to do a peaceful, fun, visual action at a later stage of the COP15 Talk. Aimed at young people wanting to work collectively with others from across the world on a peaceful yet demanding action during the Talk.

16:15-18:15

ORANGE HALL

Talk

Bill McKibben on 350 and the Global Movement

Speakers: Bill McKibben

Organisation: 350.org

On 24 October, people at over 5200 events in 181 countries came together for the most widespread day of environmental action in the planet's history. 350 is the most important number in the world—it's what scientists say is the safe upper limit for CO₂ in the atmosphere. Bill McKibben will discuss the implications of that day, now knowing that we have that kind of collective power around the world.

16:15-18:15

RED ROOM

Talk

Carbon Capture and Storage: A new solution or another problem?

Speakers: Kim Ejlersen, Palle Bendsen, Brian Vad Mathiesen

Organisation: NOAH Friends of the Earth Denmark

The argument for CCS is that it will allow continued use of coal AND contribute to the reduction of CO₂ emissions. The workshop debates the following critical aspects: 1. Climate effects: can CCS deliver? how much? will it be in time? 2. Environmental impacts: water consumption, pollution. 3. The economics of CCS. 4. CCS and renewable energy supply systems: can CCS fit? 5) CCS and biomass. 6) CCS and offsetting. Languages: EN, DA.

17:15-18:15

BROWN ROOM

Talk

Gender and Climate Change: Perspectives from Nigeria

Speakers: Ms Titilope Ngozi Akosa, Mr Olawale Salami, Ms Olukemi Oluyide and Mrs Racheal Okegbola

Organisation: Centre for 21st Century Issues

Climate change in Nigeria is a reality. Women are more affected than men because of their poverty and social responsibilities. The workshop will focus on the impacts of climate change on women in Nigeria as well as on their different coping strategies.

17:15-18:15

GREEN HALL

Talk

Latin America: Regional proposals toward climate change

Speakers: Gerardo Honty, Manuel Rodríguez Becerra, Pedro Tarak, Yan Speranza

Organisation: Latin American Climate Platform.

Highlights of multi-stakeholder dialogues throughout the region on the forthcoming challenges and opportunities for Latin America in a post Kyoto regime. Languages: EN, ES.

18:30-21:00

GREEN HALL

Film

Age of Stupid

Organisation: Federation of Young European Greens

The Age of Stupid is the new four-year epic from McLibel director Franny Armstrong. Oscar-nominated Pete Postlethwaite stars as a man living alone in the devastated world of 2055, looking at old footage from 2008 and asking: why didn't we stop climate change when we had the chance?

21:00-23:00

GREEN HALL

Film

A Sea Change

Organisation: Nijji Films/Sailors for the Sea

A Sea Change is the first documentary about ocean acidification. Ocean acidification is climate change's evil twin, caused by excess carbon dioxide. Full of scientific information, gorgeous scenery and an intimate story of a Norwegian-American family whose heritage is bound up with the sea. Followed by Q&A with director Barbara Ettinger and co-producer Sven Huseby and Brad Warren of the Sustainable Fisheries Partnership.

15.12.09

10:00-12:00

BROWN ROOM

Talk

**Climate Change in Africa:
A matter of social and economic rights**Speakers: Bairbre de Brún, Dumezweni Dlamini
Organisation: Afrika Kontakt

Bairbre de Brún, MEP, a member of the European Parliament's climate delegation to COP15 presents a critical account of the EU's position on climate change and its support for developing countries. Dumezweni Dlamini will present a view on what climate change means to African countries in terms of social and economic rights, and what African CSOs are calling on the EU to do, and ways of mobilising an African climate movement.

10:00-12:00

YELLOW ROOM

Talk

**Mind and Matter:
Confluence of 2 living systems**Speakers: Sister Jayanti and Joachim Golo Pilz
Organisation: Brahma Kumaris World Spiritual University

A conversation with Sister Jayanti, a meditation practitioner for more than 40 years and a spiritual expert on the living system of the soul and how it is connected to matter, and Joachim Golo Pilz, an entrepreneur in the field of solar power plants and alternative energy forms. What are the operating laws of the energy of matter and soul?

10:00-12:00

BLUE HALL

Talk

**A Sustainable Germany in a
Globalized World**

Speakers: Riccardo Navarro, Nnimmo Bassey, Sunita Narain, Michael Frein, Church and Antje von Broock

Organisation: Bund für Umwelt und Naturschutz Deutschland e.V. (BUND)/Friends of the Earth, Church Development Service (EED), Brot für die Welt (all Germany)

A public debate on a study performed by BUND/Friends of the Earth Germany, development organizations of the Protestant Churches "Brot für die Welt", and the Church Development Service (EED). The study discusses how politics, economy and society can become viable for the future, and how

citizens can play an active role in social processes and adapt their own processes to encourage and support sustainability globally.

10:00-12:00

GREEN HALL

Talk

**REDD in Amazonia:
Will the rainforest be part of
the carbon market?**

Speakers: Camila Morena and others

Organisation: Heinrich Böll Stiftung,
Head of Latin America Dep.,

The inclusion of the tropical forests in a global climate agreement has evoked hopes and fears in the world's largest rain forest area. While some expect large amounts of money for forest conservation and forest people, others fear drastic impacts of the market mechanisms on habitat and culture of traditional forest dwellers. Is REDD a unique chance or the starting point for a transformation of nature into an economic good?

10:00-12:00

RED ROOM

Talk

**Small Farmers' Sustainable Agriculture
Cools Down the Earth**

Speakers: To be announced

Organisation: La Via Campesina

Industrial agriculture is responsible for more than 50% of emissions; from conversion of forest into mono-culture plantations, high use of fossil fuels to run tractors, machinery, and transporting food among cities and continent, etc. On the other hand, small farmers' sustainable agriculture contributes to the reduction of emissions and keeps the carbon in the soil. Any genuine solution to climate change requires a transition from industrial agriculture into sustainable family farming. Languages: EN, ES, FR, PT.

10:00-12:00

GREY ROOM

Talk

**Dangers of Large Scale 'Green Energy'
as an Industrial Substitute.**

Speakers: To be announced

Organisation: Saving Iceland

Saving Iceland probably has the most articulated critique on greenwashing. All of the country's power comes from hydroelectric

and geothermal which are just as devastating to the environment and climate change as fossil fuels when used on a large scale. Kyoto gave exception for power-intensive industries that use renewable energy giving Iceland the right to emit an extra 1.6 million metric tons of carbon dioxide a year until 2012.

10:00-12:00

BROWN ROOM

Talk

**Popular Education: Building movements
thinking critically and taking action**

Speakers: Alice Cutler, Kim Bryan, Paul Chatterton

Organisation: Trapeze Popular Education Collective

Trapeze have been working since 2004 to inform, inspire and enable groups to take action. We want to bring together groups to share experiences of using popular education to build their social justice movements, either through workshops, cultural activities, street interventions or through formal education. We hope to share some of our practical ideas and reflections as well as thinking about what resources and tools we need to develop together. Languages: EN, ES.

13:00-14:00

GREEN HALL

Talk

**False Solutions: How to resist them
and promote alternatives**

Speakers: Nnimmo Bassey, Ricardo Navarro, Ibrahim Coulibali, Tom Goldtooth, Rosa Rivero

Organisation: Friends of the Earth International,
La Via Campesina, World March of Women,
Indigenous Environmental Network

This debate explores the false solutions that have been promoted in the name of tackling climate change including the role of the World Bank, carbon offsetting, monoculture plantations, agrofuels and their devastating impacts on local communities in particular, Indigenous Peoples, peasant farmers, women and their environment. The speakers will highlight the inspirational struggles for survival that are taking place and what sustainable alternatives are being put in place.

Claiming Rights for Climate Refugees - Organisation: EquityBD - Photo: Din M. Shibly, courtesy by EquityBD

13:00-14:00

GREY ROOM

Talk

Jaguaribe Watershed Forum: Discussing urban water in Salvador (Bahia), and Integrated Biosystems in Brazil

Speakers: Maíra Menezes de Azevêdo and Guilherme Castagna

Organisation: Jaguaribe Watershed Forum and OIA-O Instituto Ambiental

Urbanization process caused a lot of problems concerning water management in Brazilian cities. Local community must be involved in the discussion of solution possibilities in order to achieve consistent results. Jaguaribe Watershed Forum is a relatively new experience on organizing local communities,

sharing knowledge and power to think and realize innovative politics in Salvador's territory concerning the ecological protection and management of water resources.

13:00-15:00

BLUE HALL

Talk

Political Salon: Reflections on gender, climate and change

Speakers: To be announced

Organisation: GenderCC - Women for Climate Justice

Gender experts and activists from around the world will exchange their views on how to achieve gender and climate justice. Key issues for the debate are how we can work in the negotiation process and seek to achieve

improvements, e.g. in terms of gender mainstreaming. Also to pursue a much more ambitious vision of gender and climate justice. Moreover, we will explore different practical and theoretical approaches to make these changes happen.

13:00-15:00

RED ROOM

Talk

Local Solidarity

Speakers: Carolin Schröder

Organisation: Technical University Berlin

What collective approaches relating to climate change exist in different cities in the energy, construction, consumption, and transport sectors? How can knowledge

about solidarity-based and collective action be applied to other bottom-up projects and how can they become reflected (more quickly) in policies? How do we define local solidarity, fairness and collective action in times of climate change?

13:00-16:00

ORANGE HALL

Talk

Fossil fuels: The blessing that became a curse

Speakers: George Monbiot, Jörg Schindler, Klaus Illum
Organisation: Klimaforum09

Fossil fuels have allowed humanity to escape the constraints of the organic economy as well as those of geography. They have powered the entire global economy, destabilized the climate, and brought material wealth to a minority of the world's population while poverty prevails in a growing majority. In this perspective, we'll discuss the prospects of oil and gas depletion and the transition to the post-fossil fuel era.

14:15-16:15

YELLOW ROOM

Talk

Communication for Change: Courageous living towards the world you want

Speakers: Vilhelm Nilsson
Organisation: Communication for Life

Do you want to make a change in the world but get caught up in endless debates along the way? Who's right? Who's wrong? Our language itself contains seeds of opposition. This workshop, inspired by Non-Violent Communication (NVC) will help you transform any opposition into connection by translating language supporting domination into a language of partnership, cooperation, mutual respect and freedom.

14:15-16:15

GREEN HALL

Talk

Future Climate Engineering Solutions

Speakers: Pernille Hagedorn-Rasmussen, Brian Vad Mathiesen and others
Organisation: Danish Society of Engineers

Future Climate - Engineering Solutions is an international project for Engineering Associations. The objective of the project is to dem-

onstrate sustainable energy technologies and solutions that can contribute toward a scenario where the global temperature will not increase by more than two degrees centigrade. More information on the project can be found at: www.futureclimate.info

14:15-16:15

GREY ROOM

Talk

"Leave it in the Ground": The fight for an alternative energy policy

Speakers: René Schuster, Nicola Bullard, Jonathan Stevenson, Mona Bricke
Organisation: Rosa Luxemburg Foundation

Energy policy is a highly contentious issue. How far can political activism in the coal-sector be transferred to other social activism and how are they interconnected? What alliances empower the movement for political intervention? What are the limits of activism in energy politics? Are actions and demands in this field symbolic and which part plays the social question in these acts of political intervention?

15:15-16:15

BROWN ROOM

Talk

Farewell to the fossils: How to get rid of fossil-fuel cars

Speakers: Mr. Jacob Lagercrantz
Organisation: Global Utmaning (Global challenge)

Many countries have stated that they intend to phase out their fossil-fuel cars, but very little of concrete plans have been presented. Many consumers and industries wish to contribute but they need clear political signals and a clear phase-out plan. This seminar will present a comprehensive roadmap including legislative measures for the final phasing-out of fossil-fuel cars in order to achieve the opportunity for sustainability in global traffic.

15:15-18:15

RED ROOM

Talk

A New Climate Finance Compact

Speakers: Lidy Nacpil / Fabrina Furtado, Nnimmo Bassey, Nohra Padilla, Steve Kretzmann, Janet Redman, Liane Schalatek

Organisation: Heinrich Böll Foundation North America, Campagna per la Riforma della Banca Mondiale/Mani Tese, JS APMDD, Oil Change International, SEEN/Institute for Policy Studies, Bretton Woods Project, JubileeSouth, BankTrack

and Friends of the Earth International

A just climate agreement depends on the willingness of developed countries to provide compensatory finance to Southern countries in order to address adaptation and mitigation needs while safe-guarding their right to sustainable development enabling a dignified life for all peoples. This panel discusses principles, funding channels and how to ensure local accountability for the sources as well as equitable distribution of funds between countries and amongst vulnerable people within countries.

15:15-18:15

BLUE HALL

Talk

World Water Movements and COP 15: Proposals and strategies for water and climate justice

Speakers: André Abreu, Maude Barlow, Luis Enrique De Moura, Raffaella Cavallo, Tommaso Fattori, Marco Iob, Anne Le Strat, Rosario Lembo, Danielle Mitterand, Anil Naidoo, Riccardo Petrella.

Organisation: Italian Committee World Water Contract; CEVI; Blue Planet Project-Council of Canadians; France Liberté

Water is considered a tool to exploit for producing energy allegedly having a lesser impact on climate. The "Millennium Goals" of guaranteeing access to drinking water for all the inhabitants of the planet through a market approach have been a complete failure. International movements for Water Justice demand to include the problem of water in the negotiation agenda of the Copenhagen Conference.

16:00-18:00

GREEN HALL

Talk

Moving towards Zero Carbon and Beyond

Speakers: Kim Bryan, Alex Randall
Organisation: Centre for Alternative Technology

A new energy strategy. This presentation will feature speakers from across the field working towards a zero carbon future and demonstrate the practical ways in which we can eliminate fossil fuels and power up our renewables for developed countries to become zero carbon by 2050.

16:15-18:15

BROWN ROOM

Talk

**Does UNFCC Work?:
For a different climate agreement.**

Speakers: Andrea Lambrich, Hendrik Sander

Organisation: Attac Germany

The workshop presents alternatives for a global climate agreement. 17 years of UNFCCC and an increase of nearly 20% in global carbon emissions, the workshop questions the basic design of the international climate negotiations. Is the international poker game for reduction targets the only way to save the climate? Or has the focus on market mechanisms, that puts "creative accounting" before a real social-ecological transformation, arrived at a dead end?

16:15-18:15

ORANGE HALL

Talk

**The Angry Mermaid Award Ceremony:
An award for the worst corporate climate lobby group**

Speakers: Olivier Hoedeman and Paul de Clerck,

Organisation: Friends of the Earth International

The corporate lobby group that is guilty of the worst lobbying activities undermining effective climate change policies or presenting false solutions to address climate change, is presented. The group is elected by the general public via online voting and by participants at the Copenhagen Climate summit.

16:15-18:15

YELLOW ROOM

Talk

**The Future of Climate Policy for
Indigenous Peoples' of North America**

Speakers: Wahleah Johns, Kandi Mossett / Loren White, Jihan Gearon, Coleen Swan, Teyekalihyos Edwards

Organisation: Indigenous Environmental Network and Black Mesa Water Coalition

As carbon trading encourages the world's biggest polluters to offset its carbon emissions in other parts of the world, it allows business as usual on the lands of Indigenous Peoples' in North America - expanding coal, oil, gas, and uranium development resulting in exploitation and sickness in Native communities. This panel will highlight key battles against business as usual and clarify the role

of Indigenous Peoples in the Copenhagen negotiations.

16:15-18:15

GREY ROOM

Talk

Beyond Copenhagen in Solidarity

Speakers: Brian Keene, Nick Lunch, Claire Greensfelder and Gleb Raygorodetsky

Organisation: Land is Life, InsightShare, IFG.org and the Christian Fund

Join over 20 Indigenous People representing from the Arctic to Papua New Guinea, Cameroon to Peru in a collective process addressing climate change. What are the next steps after COP15? How can civil society and indigenous peoples come together to grow a stronger movement for change, to build resilience and inspire?

19:00-21:00

RED ROOM

Film

Endstation Gorleben?

Organisation: Soeren Koepke

Nuclear power continues to be portrayed as a climate-friendly form of energy. The search for a safe "permanent repository" for nuclear waste, however, has led to the longest-lasting regional conflicts of German environmentalist history. Many of the people living around the small village of Gorleben in Northern Germany have become fervent anti-nuclear activists. The movement is enduring, as are the German government's plans to use an old saltmine as a disposal site for deadly atomic waste.

21:00-23:00

RED ROOM

Film

**Voices from the Central America
Movement of Victims**

Organisation: Friends of the Earth International

A series of two minute testimonies from men and women affected by climate change in Central America, explaining the changes in their lives and expressing a concrete call to the international community.

21:00-23:00

RED ROOM

Film

Towards Solutions

Organisation: Friends of the Earth International

Three short films presenting ideas and initiatives for a better energy future.

21:00-23:00

ORANGE HALL

Music

**Now and Then, Such a Cool World
- Txai Brasil**

Organisation: Txai Brasil

Txai Brasil is the composer and musician responsible for the Carbon Free program launching through his "Aonde o Brasil eh mais Brasil" album in 2005, during COPXI Montreal. Since then, Txai puts his art at service to enhance global warming awareness and discussion world over. Txai will present a new show with Bossa Nova, Samba, Jazz, Beatles and world music altogether proposing a multicolor future path.

21:00-24:00

GREEN HALL

Film

Meat the Truth

Organisation: Nicolaas G. Pierson Foundation

This award-winning documentary is a supplement to Al Gore's Inconvenient Truth. Marianne Thieme, MP and leader of the NL Party for the Animals, demonstrates how livestock farming de facto generates more greenhouse gases than the transport industry combined. The issues of the impact of livestock farming on water shortages and the unequal distribution of food resources are also raised in this documentary. The screening is followed by a panel debate.

16.12.09

10:00-12:00

YELLOW ROOM

Talk

New Moon Service: Ceremony for creation

Speakers: Rev. Ole Skjerbæk Madsen, musicians and other pastors.

Organisation: Areopagos, Climate Working Group of the National Council of Churches in Denmark (Klimagruppen i Danske Kirkers Råd)

The New Moon Service is based on Christian theology of creation and stewardship in relation to the environment. It inspires hope using the symbolism of the moon's increasing reflection of the sun's light up to the darkest season of the year. Songs, meditation, reflections and prayers for the Earth and its climate lead up to a final blessing of the Earth.

10:00-12:00

RED ROOM

Talk

The Implications of Climate Change for Human Migration and Displacement

Speakers: To be announced

Organisation: CARE International, Public Media, and the IASC Task Force on Migration and Displacement.

The impacts of climate change are already causing migration and displacement. The consequences for almost all aspects of development and human security could be devastating. There may also be substantial implications for political stability. This event presents the current level of understanding of migration, provides case stories of migrants forced to move to Scandinavia and elsewhere, and highlights the kinds of actions and policies needed now to make a difference.

10:00-12:00

GREEN HALL

Talk

Creating an Economy for People and Environment

Speakers: To be announced

Organisation: Confederación Sindical de Trabajadores y Trabajadoras de las Américas

Open debate with trade unionists and other social movement leaders on creating an economy with jobs and climate justice. Languages: EN, ES.

Copenhagen Green Life Developing Centre - Organisation: Tommy von Pein/21st-century Constructions - Photo: Tommy von Pein

11:15-12:15

BROWN ROOM

Talk

Stop Wasting Food!

Speakers: Selina Juul

Organisation: Stop Spild Af Mad

Millions of people are throwing millions of tons of good edible food in the trash every day - while there are millions of children worldwide dying from hunger. Food waste is also bad for the environment, because it causes an increase in CO2 emissions and global warming. Stop Wasting Food movement is founded to raise public awareness about food waste and hopefully to eliminate food waste in Denmark.

13:00-14:00

BROWN ROOM

Talk

Transportation Systems: Give way for climate protection!

Speakers: Heike Aghte and Paul Beeckmans

Organisation: Initiative Transport Europe

Transport is one of the biggest contributors to climate change, but widely underestimated. Both freight transport and passenger traffic must change substantially to achieve sufficient CO2-reductions. Facing the still-growing demand for mobility worldwide, technical solutions alone won't do anymore. Our main questions: How can the need for traffic be reduced? Travel patterns changed? Transportation systems improved? What co-benefits can we expect? How can ideas be turned into action?

13:00-15:00

BROWN ROOM

Talk

The Use of Renewable Energy for a Better Future in India

Speakers: Joachim Golo Pilz

Organisation: Brahma Kumaris World Spiritual University

Entrepreneur Joachim Golo Pilz has played a major role in making the Brahma Kumaris (BK) the largest single user of alternative energy in India. He has installed solar energy systems for steam generation and power supply in BK world headquarters in the remote mountains of Rajasthan and in BK centers all over India. Presently he is working on designing a 1 MW solar thermal power plant.

13:00-15:00

YELLOW ROOM

Talk

Place-based Decarbonization Strategies: Leadership from cities and metropolises

Speakers: Dr. John Byrne, Dr. Mark Alan Hughes, Dr. Cecilia Martinez, Assemblyman Cho

Organisation: Center for Energy and Environmental Policy

Climate stabilization policy under the Kyoto Protocol assumes climate change is an economic and technological problem best handled in the global marketplace. This belief in markets defines 'good policy' as that which has a profitable result. This policy approach means a continuation of status-quo development. This panel explores an alternative pathway based on place-based strategies that rely on community action to address climate change, focusing on cities and metropolitan regions.

13:00-15:00

GREEN HALL

Talk

2/2: Creating an Economy for People and Environment

Speakers: To be announced

Organisation: Confederación Sindical de Trabajadores y Trabajadoras de las Américas

Open debate with trade unionists and other social movement leaders on creating an economy with jobs and climate justice. Languages: EN, ES.

13:00-15:00

RED ROOM

Talk

The Yasuni-ITT Initiative

Speakers: Yolanda Kakabadse and Carlos Larrea

Organisation: Yasuni-ITT Initiative group

Ecuador will maintain the crude oil in the ITT field (840m barrels / 430m tons of CO2) indefinitely underground. This initiative proposes: a) An innovative option for combating global warming, by avoiding the production of fossil fuels in areas which are biologically and culturally sensitive; b) Protecting the biodiversity of the Amazon region and supporting indigenous cultures in voluntary isolation; c) A new energy matrix based on renewable resources.

13:00-16:00

BLUE HALL

Talk

Climate Change in Southern Africa: Who bears the burden?

Speakers: Sakhile Koketso, Ms. Kulthoum Omari, Agnes Babugura, Natasha Ribeiro, Ms Margaret Angula

Organisation: Heinrich Böll Foundation South Africa,

Southern Africa suffers from extreme climate variability and communities, with women at the forefront, have for centuries developed strategies to adapt to its impacts - strategies that could be learned from and replicated. The workshop presents and discusses the study "Gender and Climate Change in Southern Africa" focusing on gender differentiated vulnerability, impacts and responses to climate change. Comments received from the workshop will be included in the revised regional report.

13:00-16:00

**Expedition Copenhagen:
Why a Midwest U.S. youth delegation?**

Speakers: Reed Aronow, Aurora Conley, Chris Detjen, Danielle Ostafinski, Maia Dedrick, Sarah Mulkoff, Holly Jones, Jamie Racine, Jamie Horter, Charlie Nevarez, Megan Constans, and Liana Balinsky-Baker

Organisation: Will Steger Foundation

As Will Steger Foundation delegates, we are Midwest U.S. youth advocates striving to lead our generation by educating and empowering climate action through local collaboration and global partnership. We have come to Copenhagen seeking a global treaty that jumpstarts clean energy opportunities and reduces climate change impacts in our region. Come meet us and other youth delegates as we discuss the importance of our region to national and international negotiations.

16:30-17:30

BLUE HALL

Talk

A Global Tax on Carbon Dioxide

Speakers: mr Carl von Essen

Organisation: Global Utmaning (Global challenge)

One way of fighting the escalating emissions

of green house gases is to introduce a global taxation on carbon dioxide emissions. Such taxation should rely on countries counting for the major consumption of fossil fuel. The difficulties in introducing a taxation is well known, and exceptional measures are necessary. What seems difficult and impossible in 2009 might have changes in 2012.

17:00-19:00

GREEN HALL

Talk

**Danish trade unions and solutions
to climate change**

Speakers: To be announced

Organisation: Klimaforum09 / Danish Trade Union

Solutions to climate change are highly about practical work and thus closely connected to job creation schemes. Danish trade unions

will take the debate of green jobs as a solution to climate change and a way out of the economic crisis.

17:30-18:30

ORANGE HALL

Talk

Growth is good!

Speakers: Michael Braungart

Organisation: Klimaforum09 / Cradle to Cradle

"How many environmentalists do you know who say growth is good?" asks Michael Braungart. "We celebrate growth. Abundance is something we want. Our idea is to make production so clean there's nothing left to regulate." This, he notes, is extremely appealing to people of all political persuasions, from those who love the environment to those who want commerce free of regulation.

19:00-20:30

Organisation: Campaign against Climate Change

A Green Charter for Green Jobs - an emergency programme coordinating the international movement for green jobs.

13:00-15:00

GREEN HALL

Talk

Gender, Vulnerability and Climate Change Responses

Speakers: Rebecca Salazar, Sandra Gúzman, Ingrid Spiller and others

Organisation: Heinrich Böll Foundation, Director Regional office for Central America/Mexico/Cuba,

Governments need to find ways to mitigate climate change, and socially responsible solutions to adapt to the upcoming problems. Especially the most vulnerable parts of societies need sustainable support. Climate change influences sectors in which primarily women are active, thus modifying the productive and social relations between men and women. The workshop presents a gender approach to adaptation that is of vital importance due to women's crucial role in society.

13:00-15:00**YELLOW ROOM**

Talk

Join the International Movement against Canada's Tar Sands

Speakers: Maude Barlow, George Poitras Mikisew, Eriel Derenger, Jess Worth, Clayton Thomas-Muller

Organisation: Indigenous Environmental Network and Rainforest Action Network

Recognized as the biggest environmental crime in history, Canada's Tar sands cover a landmass 86,000km² and can be seen from outer space. Second only to the Amazon in terms of forest loss every day, the tar sands are fuelling the global climate crisis. Climate justice activists from Canada, USA and Europe share ideas and strategies to pressure the nation of Canada to shut down the Tar Sands.

13:00-15:00**RED ROOM**

Talk

Don't Nuke the ClimateSpeakers: Sabine Bock Peer de Rijk Claire Greensfelder Vladimir Sliviak Eslihan Tumer Charlotte Meijeon Michael marriotte Regine Richter
Organisation: WISE

The nuclear industry is using the issue of climate change as a vehicle to win political and financial support for its dirty and dying sector. Large costs and negative impacts make nuclear energy an obstacle to the necessary development of effective, clean and affordable energy sources - both in developing and industrialised countries. Speakers from India, Germany, Italy, USA and South Africa will analyse developments and call for action.

13:00-15:00**ORANGE HALL**

Talk

Climate Broadcasters

Speakers: Jesper Theilgaard

Organisation: Klimaforum09 / ClimateBroadcasters

Weather Broadcasters are popular, have high degrees of credibility and scientific understanding and are well-placed to communicate information about climate change. Thus Weather Broadcasters has a unique chance to engage themselves as "Climate Broadcasters" by actively communicating the science of climate change and its impacts, adaptation and mitigation needs as they develop. Climate Broadcasters Network - Europe speak about the communicative possibilities and the

unique opportunities Weather Broadcasters around the World have.

13:00-16:00**BROWN ROOM**

Talk

Eating the Planet

Speakers: Lasse Bruun and Barbara Romanowicz

Organisation: Compassion In World Farming

The growth of livestock production and its significant climate impacts will be the next major issue of international debate. A film and expert panel discussion will examine whether humane and sustainable food systems can solve climate, water and food security challenges. Languages: EN, DA.

13:00-16:00**GREY ROOM**

Talk

Effects of Climate Change on Water Resources of a Mediterranean Country: The Spanish case

Speakers: Santiago Martín Barajas

Organisation: Ecologistas en Acción

Higher average temperatures in Spain as a result of climate change are causing a significant reduction in available water resources. Based on an assessment of different theories, Ecologistas en Acción, believes that the reduction in water resources is caused by a rise in temperatures. However, the Spanish Government is hardly taking into account these reductions in resources in the hydrological planning documentation being prepared for the coming years, just considering a 7% reduction in resources.

15:00-18:00**ORANGE HALL**

Talk

Are you getting the deal you came for?

Speakers: George Monbiot

Organisation: Klimaforum09

Due to the lack of progress at COP15 Klimaforum09 invites Heads of State and ask them, if they are getting the climate change deal they came for?

15:00-18:00**GREEN HALL**

Talk

Ecology:**Crucial Principles for radical Change**

Speakers: Karen Blincoe and Jon Rae

Organisation: Schumacher College and the Transition Network

We need new skills that enable us to act effectively. Fundamental to this is the ability to understand ecosystems, society and people in a holistic context which mirrors the interdependence found in the natural world. This session will explore some of the elements of an eco literate world view focusing upon concepts as self-organisation, resilience, connectivity and adaptation and share experiences of how complementary approaches to eco literacy can be applied to support communities in a transition.

15:15-18:15**BLUE HALL**

Talk

Communication:**A Key to climate and social change**

Speakers: Corrado Clini, Mario Acunzo, Saleemul Huq, Thomas Tufte, Chris Morry / Warren Feek

Organisation: The UN Food and Agriculture Organization and Roskilde University; The Communication for Development Capacity Building Partnership

This workshop explores the role of communication for development in light of the unique challenges climate change poses at both the macro and the micro level. Identifying and effectively communicating suitable adaptation and mitigation options is particularly relevant in developing countries, where communication plays a strategic role in reducing vulnerability. Different perspectives will be discussed in an open debate highlighting the importance of knowledge and information sharing.

16:00-18:00**GREY ROOM**

Talk

Popular Movement Cooperation against Repression, Part 2

Speakers: Tord Björk and others

Organisation: MjV/Friends of the Earth Sweden, Klimakollektivet/Climate Collective Denmark, Föreningen/Association Aktivism.info

How can popular movements cooperate against repression of summit protests and in general? Experiences of repression against

climate summit protesters so far and what to do about it in short and long term. How can solidarity work develop between popular movements both locally, nationally and internationally. How do both soft and hard forms of repression interact, and how can popular movements cooperate to stop repression.

16:15-18:15

BROWN ROOM

Talk

Soulfood:

The basics of spiritually enriched food

Speakers: To be announced

Organisation: Vegetarisk Lørdag

Heal the world by healing yourself! Vegetarianism, simplicity and spirituality go well together and form the substantial alternative to the unrestricted production and consumer lifestyle. This workshop will explore the basics of a spiritually conscious vegetarian lifestyle both in theory and practice.

19:00-20:00

RED ROOM

Film

Urban Legend - A documentary

Organisation: Paths to Sustainability Coalition

Urban Legend is an enthusiastic journey to the heart of the environmental revolution in our world's 'greenest' cities. State-of-the-art transportation systems, breathtaking parks, clever recycling methods, and most important of all: social solidarity. Part of the documentary series "WORLD: The Next Generation", created by prize-winning Israeli journalist Nitzan Horowitz, for Israel's Channel 10. Horowitz was recently elected to the Knesset (Israeli parliament), and is on the Israeli delegation to Copenhagen.

20:30-22:00

RED ROOM

Film

Poison Fire

Organisation: Environmental Rights Action

The documentary deals with the negative impacts of gas flaring in the Niger Delta Region of Nigeria on local people and the environment. Poison Fire was produced by Environmental Rights Action. It will be presented by the Project Officer in charge of Extractive Industries and Environmental Justice.

20:00-22:00

ORANGE HALL

Music

Jeg er vejret / I'm the Weather

Organisation: Jesper Theilgaard and Pernille Sejlund

The Danish meteorologist Jesper Theilgaard focuses, in short factual presentations, on climate problems. Between the oral English presentations, a musical climate work in short movements will be performed for the first time by the Danish composer Pernille Louise Sejlund. The electronic/acoustic climate work is performed by professional singers and musicians. An evocative ping-pong between music and words.

21:00-23:00

GREEN HALL

Theatre

The Sea's Mother

Organisation: The Silamiut Theatre

Through storytelling the authors invites us into two enlightening histories. For example Makka tells us: "The Holy Feasts are giving to the people" It's the story of a family living in a deserted place kept occupied with basic elements: finding food, eating and sleeping. Makka shows us the significance of what feasts can and do to us as human beings.

22:00-23:00

RED ROOM

Film

**Poison Fire:
Oil and Gas Abuse in Nigeria**

Organisation: Friends of the Earth International

After fifty years of oil exploitation the Niger Delta is an environmental disaster zone. Millions of tons of crude oil have been spilled and gas burn-off produces toxic substances equal to 18 million cars. The Community fights back to win over Shell in court. Poison Fire follows a team of local activists to impoverished communities, creeks and mangrove forests full of crude oil, well-heads leaking gas, and to Shell's AGM in the Netherlands.

18.12.09

10:00-12:00

GREEN HALL

Talk

Denmark - CO2 Neutral Pioneer

Speakers: Michael Søgaard Jørgensen, Per Clausen, Stig Melgaard, Gunnar Boye

Organisation: IDA (Ingeniørforeningen), Enhedslisten, NOAH, OVE (Organisationen for Vedvarende Energi)

To promote a global conversion to a CO2 neutral society it is important that industrialized countries show by example that a high standard of living is still possible while achieving this goal. Many proposals to the conversation in Denmark exist, coming from politicians, NGO's and trade unions. We bring these proposals up for discussion in the workshop.

10:00-12:00

BLUE HALL

Talk

**Agrarian Reform in North Western
Post-industrial Society**

Speakers: Henrik Kuske Schou

Organisation: Frie Bønder - Levende Land / Via Campesina Denmark

How to create climate and social justice through replacing industrial farming with sustainable small-scale farming and resettlement of the countryside. Frie Bønder (Free Peasants) of Denmark presents a concrete model to handle the climate and environmental crisis by means of re-establishing the communities of peasants and smallholders. In particular, Frie Bønder invites discussion on the common role of peasants of the south and the north in solving climate problems.

10:00-12:00

RED ROOM

Talk

NO to COAL Campaign: A Case Study

Speakers: To be announced

Organisation: Life and Environment - Israeli Union of Environmental NGOs

The construction of a new coal powered power plant in Israel is estimated to increase its GHG emissions by 10.5%. Environmental NGOs used a variety of strategies, from demonstrations, through celebrity-led PR campaigns to addressing planning committees, lobbying and legal action. These activities

were coordinated by means of a coalition of organizations, all focused on impacting Israel's energy and climate policy and promoting multi-stakeholder policy processes.

13:00-14:00

RED ROOM

Talk

Bioregionalism

Speakers: Henning Hervik and Poul Erik Pedersen
Organisation: Permakultur Denmark

We will present the analysis tools for bioregionalism. Based hereon we will carry out workshops where the participants can discuss how they can implement bioregional strategies in their home regions.

13:00-15:00

GREEN HALL

Talk

Taking the Movement Forward: Post-COP15 mobilisations

Speakers: Nnimmo Bassey, Ricardo Navarro, Henry Saragih, Jihan Gearon, Amparo Miciano

Organisation: Friends of the Earth International, La Via Campesina, World March of Women, Indigenous Environmental Network

Testimonies of affected communities and campaigners will make the links between local to global struggles for climate justice. The struggle to combat climate change including mobilisation and resistance against an unjust economic system, the promotion of fossil fuels, carbon offset projects and other disastrous policies are being met with a powerful transformative agenda that will help us move towards more sustainable societies. Now is the time to get involved and take action.

Closing Ceremony

Organisation: Klimaforum09

Guest speakers and live entertainment: Evaluation of the past two weeks Highlights of Klimaforum09 Next step?

Mames Babegenush/ Get klezmer attacked!

The music of Danish klezmer orchestra Mames Babegenush is both manic and oozes melancholy, travelling from out of control sirbas to the saddest of waltzes. The band started out playing primarily at Jewish parties such as weddings, bar mitzvahs and Hanukahs. Early on Mames Babegenush invented the concept of "klezmerattacks"; spontaneous surprise-concerts for unsuspecting people, ie. outdoors at a public places, inside cafés, bars or parties. www.mames.dk

Organisation: Vegetarisk Lørdag

Heal the world by healing yourself! Vegetarianism, simplicity and spirituality go well together and form the substantial alternative to the unrestricted production and consumer lifestyle. This workshop will explore the basics of a spiritually conscious vegetarian lifestyle both in theory and practice.

15:15-16:45

RED ROOM

Talk

Climate Justice and Alternative Development Models in Bolivia

Speakers: Christian Domínguez, Ramiro Galindo, Félix Layme, Elizabeth Peredo

Organisation: The Bolivian Social Movement Platform on Climate Change

The Bolivian Social Movement Platform on Climate Change will present the recommendations of a Climate Justice Tribunal sitting with an analysis of cases, evidence and "victims" as well as ecological "Debtors". In addition to demanding justice, Bolivian social movement leaders will present inspiring examples of alternative development models based on millennia-old Andean and Amazonian ways of life and knowledge. Language: ES.

Bateria Senzala

Huge bateria presenting 50 drummers who play sweaty samba-rhythms for their dancers and us!

**KLEZMOFOBIA**

the award winning Danish klezmer orchestra - takes music to places it has never been. With an energetic mixture of tradition and renewal, the orchestra has already reached a large audience. Cheerful melancholy in Yiddish, a powerful jumble of old klezmer elements, combined with modern rock beats is what makes the uniqueness of the orchestra.

15:15-17:15

GREEN HALL

Practical Information

For further information please go to the Info desk at DGI-byen or visit:
www.klimaforum09.org

Accommodation

If you have questions regarding your accommodation or you are in need of accommodation, please contact the People's Climate Action's hotline +45 70 22 27 99.

Opening hours

The Klimaforum09/DGI-byen will be open for visitors every day at 10.00-24.00 from December 7.-18th.

Copy and Print

Please ask for Volunteer's office (15 - at the map) - if you need copy facilities.

Emergency

In case of emergency please call the fire/ambulance at: 112. Then afterwards call the Klimaforum09 Emergency Group at 52 19 09 91.

Excursions

Please visit the [www.klimaforum09.org/practical information](http://www.klimaforum09.org/practical-information) for more information.

Food

DGI-byen offers organic snacks at app. DKK 35, and drinks at the café and other places at the venue.

The Peoples Kitchen offers organic and vegan food at lunch and dinnertime for app. DKK 20. Onkel Dannys Plads close to DGI-byen.

Interpretation

We are happy to offer simultaneous interpretation in the Orange and the Green Room to four languages: English, Danish, Spanish, and French. Headsets and information about the channels are provided by our volunteers at the entrances of the venues.

Please exchange a valid picture ID for each headset and remember to pick it up after each session.

Lost and found

Did you find someone's wallet or did you lose your notes from the Climate Change in Latin America Workshop? Contact the Info Desk in the foyer of the DGI-byen.

Internet

In the foyer of DGI-byen are 60 internet plug-in cables available that are free to use.

Money

The nearest ATM's are found at the Central Post building at Tietgensgade, and in the Central Station. The nearest banks are Nor-dea, Vesterbrogade 8 and Danske Bank, Halmtorvet 27.

Religion

Please ask our volunteers at the Info Desk, they will lead you to a silent place to pray.

Smoking

Smoking is forbidden in all public indoor areas in Denmark. Please go outside, use ashtrays, and don't let your cigarette butt be a threat to the environment.

Waste disposal

You will find waste containers all over Klimaforum09. Please sort waste in these categories: card-board, plastic, beverage containers (glass/metal/plastic), batteries, organic waste, and residual waste.
